## TULSA HEALTH DEPARTMENT SUMMER CARNIVAL

The Tulsa Health Department will be hosting a Summer Carnival at the North Regional Health Center, 5424 North Madison Avenue on Saturday, August 15 from 12 noon to 4:00 p.m. There will be free food, carnival games, music, Jupiter jumps, health screenings, immunizations, and school supplies. The YWCA will be having open enrollment for its Early Learning Center. The center will serve children 6 weeks to 11-years-old. Sign up during the carnival for a free gift.

## AS THE SUMMER BEGINS TO WIND DOWN...

Can you believe it? Its August already and there is just one week before school is back in session for students of every age. As we begin to wind down the summer and move toward the opening of schools, there will be an increase in enforcement of the speed and school crossing zones. Please be careful and watch for those pedestrians (students, joggers, cyclists, and dog walkers too).

Also with the construction on the inner dispersal loop and around various other locations throughout the city, leave a little extra time and anticipate possible traffic delays. These projects will be ongoing into next year. Safety is everyone's concern.

## ARE YOU GOING TO DO SOME FALL CLEANING?

Remember bulky waste is a free service to City of Tulsa residents. Call 596-9777 to schedule pickup of unwanted household items.

## CITYWIDE BLOCK PARTY DAY 2009

Every year the City of Tulsa has a citywide Block Party Day. These block parties provide a good way to get together and meet your neighbors. Block parties can vary from elaborate celebrations complete with children's activities to small picnics. The Department of Working in Neighborhoods can arrange for visits from the Tulsa Fire Department and the Tulsa Police Department, and provide barricades to block off your streets during the party.

This year, the Citywide Block Party is taking place on **Saturday, September 19, 2009**. You can [register your block party online here](#).
