

1989 AMENDED CHARTER

The City of Tulsa was established as a town in 1898 under territorial law while Oklahoma was designated as Indian Territory of the United States. After Oklahoma became the 46th state in 1907, the City of Tulsa adopted its first city charter on July 3, 1908, which was approved by Oklahoma Governor Charles Haskell on January 5, 1909.

The City was governed by a Board of Commissioners comprised of a Mayor and four Commissioners - Police & Fire, Streets & Public Property, Waterworks & Sewerage, and Finance & Revenue. This form of government prevailed until May 8, 1990, when it changed to a Mayor and City Council form.

Under and by the authority of Section 3 of Article XVIII of the Constitution of the state of Oklahoma and pursuant to the laws of the state (11 O.S.1981, §§ 13-111, 13-106, and 13-107; 26 O.S.Supp.1987 § 13-102), a special election (provided by City of Tulsa Ordinance No. 17090) was held on February 14, 1989, and the qualified voters of the City of Tulsa approved the 1989 amended Charter, which was later approved by Oklahoma Governor Henry Bellmon to become effective on May 8, 1990.

An original signed copy was filed with the Oklahoma Secretary of State on March 8, 1989, and with the Tulsa County clerk on March 15, 1989.

SECTION 2. FRANCHISES AUTHORIZED. The Council by ordinance may grant to a person or corporation the franchise to use the property of the city for the purpose of furnishing to the public for compensation to be paid to the grantee any general public service, including heat, light, power, refrigeration, steam, cable television, or transportation when the right to use the streets, highways or other property of the city for a term of years is necessary or proper for the general public service or purpose of the grantee.

SECTION 3. PROHIBITIONS. No exclusive franchise shall be granted. No franchise shall be granted to commence more than six (6) months after the adoption of the ordinance granting it. No franchise shall be extended directly or indirectly beyond the term originally fixed by the ordinance granting it. No franchise shall authorize the grantee to acquire the physical property, rights, or franchise of another person or corporation holding a franchise granted by the city, so that the rights and properties held under an earlier franchise are assigned to the holder of a franchise extending beyond the expiration of the earlier franchise.

SECTION 4. ALL FRANCHISES TO BE SUBMITTED TO PEOPLE. No franchise shall be granted, extended, or renewed without the approval of a majority of the qualified electors of the city who vote thereon at a special or general election. No franchise shall be granted, extended, or renewed for a term longer than twenty-five (25) years. All election expenses attributable to the submission of a franchise shall be borne by the proposed grantee.

SECTION 5. INITIATIVE PROCEDURE FOR FRANCHISE. Whenever a petition signed by a number of qualified electors of the city equal to twenty-five percent (25%) of the total number of votes cast for the office of Mayor at the preceding general election demanding that a franchise be granted, extended, or renewed shall be filed with the City Clerk, and is determined by the City Clerk to meet the requirements of this Section, the Mayor shall within ten (10) days thereafter call a special election at which the question of whether such franchise shall be granted, extended, or renewed shall be submitted to the qualified electors of the city.

SECTION 6. COMPENSATION FOR FRANCHISES. The grantee of a franchise approved after the effective date of this amended Charter shall, as compensation for the rights and privileges enjoyed thereunder, pay monthly to the City a sum of not less than one percent (1%) and

not more than four percent (4%) of the gross receipts from the service provided by the grantee within the corporate limits of the city. Such compensation shall be exclusive of and in addition to ad valorem taxes upon the property of the grantee and assessments for special improvements made upon real property. Such compensation shall be in lieu of all city occupation taxes imposed upon the occupation or business of the grantee and in lieu of any vehicle or license tax. The franchise may provide that no compensation shall be payable for not more than the first five (5) years thereof. If the ordinance granting a franchise provides for the waiver of compensation, the city may further waive the requirement for compensation for the remaining period of the franchise by amending the ordinance granting the franchise, subject to the approval thereof by a majority of the qualified electors of the city who shall vote thereon at a general or special election. For all sums due as such compensation, the city shall have a lien which may be enforced by appropriate action against the property of the grantee within the city.

SECTION 7. ASCERTAINMENT OF COMPENSATION. In order to ascertain the amount of the gross receipts of the grantee of a franchise and to determine the amount of the compensation due the city and for any other purpose relating to the business of the city, the Council may examine the books, papers, and records of franchise holders. The Council may hear testimony and compel the attendance of witnesses under such rules and regulations as the Council may adopt. Should any franchise holder refuse to permit the inspection of its books, papers, or records when lawfully required by the Council or should any officer, agent, or employee of a franchise holder refuse to give testimony before the Council, the Council may by ordinance terminate the franchise.

SECTION 8. EXERCISE OF POWER OF PUBLIC UTILITY REGULATION. Subject to the provisions of the Constitution of the United States of America, and the Constitution and laws of Oklahoma, the Council may regulate and fix the charges, fares, or rates of the grantee of a franchise and prescribe the services to be furnished by such grantee and the manner in which services shall be rendered. No rules, regulations, fares, or rates shall be adopted or changed except after notice to the public and to the grantee of the franchise and after a public hearing. The Council may inspect books and records and compel attendance of witnesses and may by ordinance terminate the franchise for a failure or refusal of a franchise holder or any officer, employee, or agent thereof to testify or to produce books or records.

SECTION 9. RIGHT TO PURCHASE TO BE RESERVED. No franchise shall be granted except upon condition that the city shall have the right at anytime after fifteen (15) years after the granting thereof to purchase the physical property of the franchise holder and to terminate the franchise, if approved by a majority of the qualified electors of the city voting thereon at a special or general election. At any time when a purchase option shall have accrued under the terms of a franchise, the question of the purchase of such property may be submitted by the Council to the qualified electors for approval. The question of the purchase of such property shall be submitted at the next succeeding election in the city upon the petition to the city of twenty-five percent (25%) of the qualified electors of the city. The franchise holder shall be compensated for the value of the property with such value to be determined by the majority of three (3) appraisers, one (1) to be selected by the Mayor, one (1) by the franchise holder and the third by the first two appraisers. If

the franchise holder shall refuse for thirty (30) days to select an appraiser, the value of such property shall be fixed by the vote of a majority of the Council.

SECTION 10. TERMINATION FOR VIOLATION. Ordinances granting franchises shall be subject to the terms of this amended Charter and may contain further terms and conditions imposed by the Council. All franchises shall be exercised in compliance with the terms of this amended Charter and of the franchise ordinance. If a franchise shall not be exercised in substantial compliance with the terms of this amended Charter and of the franchise ordinance, the franchise may be terminated by the Council after notice to the franchise holder and a public hearing.

SECTION 11. COMMON USE OF TRACKS, POLES, AND WIRES. The Council may require any permit or franchise holder to allow the use of its tracks, poles, conduits, and wires by any other permit or franchise holder upon the payment of a reasonable rental therefor to be fixed by the Council. The Council may regulate, locate, and prohibit the placing of telegraph, telephone, cable television, electric or other wires, systems, and facilities within the property of the city and may require and regulate the placing of any such wires, systems, and facilities underground.

SECTION 12. RAILWAY AND TRANSIT PERMITS. The Council may authorize railways and other transit facilities operating from the city to other cities to lay tracks and facilities on and over the streets and other property of the city, subject to conditions imposed by the Council.

SECTION 13. PERMITS. The Council may grant a permit to any person or corporation to occupy or use portions of the streets, highways, alleys, public ways, public places, or any other real property of the city under such terms and conditions as the Council shall impose; provided, such use does not unreasonably interfere with the public use thereof. Permits may be revoked by the Council at will. Upon the revocation of a permit, the holder of such permit shall remove within a reasonable time any encroachment on the property of the city and pay the cost thereof.

SECTION 14. CONVEYANCE OF AERIAL AND SUBSURFACE SPACES. The Council may vacate and close streets, alleys, and easements and sell, lease, or otherwise convey any areas or spaces above or below the surface of any street, highway, alley, public place, or any other real property of the city for buildings, structures, or for other uses and purposes and such appurtenant surface rights necessary or desirable for such buildings or structures; provided, the Council shall first determine that any such areas or spaces are not necessary for public use or purposes.

ARTICLE IX

PUBLIC IMPROVEMENTS

SECTION 1.1. STREET IMPROVEMENT DISTRICTS. When the Council shall deem it necessary to grade, pave, curb, gutter, drain, or otherwise improve any street, sidewalk, alley, or public right of way, or any part thereof, within the corporate limits of the city, for which a special tax is to be levied, the Council shall by resolution declare such work or improvement necessary to be done which resolution shall be adopted by a majority vote of the entire membership of the Council. The passage of a resolution shall be conclusive of the public necessity for the improvement and the benefit thereof. Such resolution shall describe the nature and extent of the improvements to be made; the sections of the public street, sidewalk, alley, or public right of way to be improved; the materials which are to be used; and the method of payment of the costs. Upon the passage of a resolution, the Mayor shall prepare and submit to the Council for approval specifications for the improvements.

SECTION 1.2. CHANGE OF GRADE--COMPENSATION FOR. The Council may establish and change the grade of a street, sidewalk, alley, or other rights of way in the city; provided, that no material change of a legally established grade shall be made without due compensation to the owners of abutting property with permanent improvements erected with reference to the established grade. The Council shall prescribe by ordinance the method of ascertaining the compensation due to a property owner.

SECTION 1.3. RESOLUTION TO ALLOCATE COSTS--RAILROADS. The costs of grading, paving, curbing, guttering, draining, or otherwise improving any street, sidewalk, alley, or public right of way may be paid in part by the city and in part by the owners of the property benefited by such improvement. The resolution adopted by the Council declaring the necessity for such construction shall provide what part, if any, of the costs of the improvements shall be paid by the city and the part of the costs that shall be paid by the owners of the property abutting on such street, sidewalk, alley, or right of way. The owner of a railroad in or crossing a street shall pay the whole costs of the improvement between the rails and tracks and for two (2) feet on each side of the rails, except as ordered by the Council. The share of the costs of such improvements payable by the owner of a railroad, together with all costs of collecting the same, shall be assessed by the Council as a special tax against and secured by a lien upon the property of the railroad within the city.

The owner of a railroad shall bear the entire expense of laying sidewalks across the full width of the railroad right of way when a sidewalk is ordered improved hereunder.

SECTION 1.4. CONTRACT PROCEDURE. When specifications for improvements have been approved by the Council, the City Clerk shall advertise in a daily paper of general circulation in the City for bids for the construction of such improvements. The advertisement shall state the time for submitting bids, which shall be not less than ten (10) days from the date of the advertisement. Bids shall be filed with the City Clerk and shall be opened and read at a meeting of the Council. The Council shall award the contract to the most advantageous and the

lowest secure bidder, or the Council may reject all bids. No bid shall be amended, revised, or changed after having been filed. All bids shall be secured in the amount of five percent (5%) of the bid as a penalty if the successful bidder fails to enter into a contract and furnish bonds as required.

SECTION 1.5. ASSESSMENT PROCEDURE. After assessing the share of the costs of an improvement payable by a railroad, the Council shall assess the remaining costs of construction, reconstruction, and repairing any sidewalk, curbing, guttering, and paving any street, sidewalk, alley, or right of way, or making any other improvements ordered hereunder against the property abutting upon the street, sidewalk, alley, or right of way upon which the improvements are to be constructed. The Council shall impose a lien against the property to secure the payment of the share of the costs assessed against the property. In apportioning the costs of improvements against abutting property, the lots and parcels in each quarter block shall be charged with a due share of the cost of paving the front and side streets on such quarter block, the alleys therein, and the area of the street intersection, according to the benefit to each lot or parcel. If any part of the abutting property is not platted, the Council shall include such part in proper quarter block districts for the purpose of assessment. The costs assessed against property shall be in proportion to the frontage of the property to the whole frontage of property in the quarter block. The Council shall assess and apportion the costs so as to produce a substantial equality of benefits received by and burdens imposed upon each property.

SECTION 1.6. NOTICE TO PROPERTY OWNERS--HEARING. The Mayor shall prepare and submit to the Council a statement which shall contain the names of the owners of property abutting upon the streets, sidewalks, or alleys to be improved and the description of the property and number of front feet owned by each. The statement shall include an estimate of the total costs of the improvements, and amount of such costs proposed to be assessed against abutting property. The Council shall hold a hearing on the proposed assessments. Notices of the hearing on assessments shall be given by publication for five (5) consecutive issues in a daily newspaper of general circulation in the city and by registered or certified mail to the owners at their last known address. The notice shall be published and mailed ten (10) days or more prior to the date set for the assessment hearing. The notice shall state the time and place of the assessment hearing, the general character of the improvements approved by the Council, the streets, sidewalks, or alleys to be improved, and the part of the total cost of the improvements proposed to be assessed against the abutting property. At the assessment hearing, the Council shall hear the objections of any owner of property which is proposed to be assessed for a part of the cost of the improvements. The Council shall determine the special benefits to the property from the improvements and shall by ordinance assess against each property or railroad within or abutting upon the street, sidewalk, or alley ordered improved, a part of the cost of the improvements as provided herein. The ordinance shall impose a lien upon each property for the amounts assessed and shall state the time and manner of payment of the assessment. The Council may order that the assessments shall be payable in installments and prescribe the amount, time, and manner of payment of installments, which shall not exceed ten (10) years from the completion and acceptance of the improvements. The Council shall prescribe the rate of interest to be paid upon deferred installments, the penalty upon delinquent installments, and provide for collection of delinquent installments, with the reasonable cost of collection including attorney fees. Any owner of property assessed may pay the full assessment without interest within

thirty (30) days from date of adoption of the assessing ordinance and may pay any unmatured installment by paying the installment together with interest to the next installment due date.

SECTION 1.7. POWER TO EXCLUDE PROPERTY NOT SUBJECT TO ASSESSMENT. When the Council determines that any property is exempt from special assessment, the Council may order that the improvements shall not be made in front of or abutting upon such property unless the owner shall pay the part of the cost which would be assessed against such property.

SECTION 1.8. PETITIONS FOR IMPROVEMENTS. When the owners of two-thirds (2/3) of the front feet of property abutting upon any street, sidewalk, alley, or right of way petition the Council for the improvement thereof pursuant to the provisions of this Article, the Council shall order the improvements to be made as provided herein. The petition may specify the materials to be used and the maximum cost per front foot, and no contract shall be awarded at a cost greater than specified. When improvements are ordered to be made upon a petition, the improvements shall be made and the full cost thereof shall be assessed against abutting property and railroads in accord with the provisions of this Article.

SECTION 1.9. TAX BILLS. The assessments and liens imposed by the Council against property abutting upon any street, sidewalk, alley, or right of way shall be evidenced by assignable tax bills to be issued to the contractor by the city in payment of the cost of the improvements. The Council shall prescribe the form and terms of the tax bills. A recital in the tax bill that the proceedings with reference to making the improvements and imposing the assessments and liens have been in accord with the provisions of this Article shall be prima facie evidence of the facts, and such proceedings shall be presumed to have been in accord with the provisions hereof. The adoption by the Council of an ordinance making an assessment and imposing a lien against property shall operate as notice of the assessment and lien to all creditors of the owners of the property and any purchaser thereof.

SECTION 1.10. DELINQUENT INSTALLMENTS. The cost of improvements assessed against property, together with reasonable cost of collection including reasonable attorney fees shall be a lien upon the property superior to all other liens, claims, or title, except city, school, county, and state taxes and as to city, school, county, and state taxes, the lien shall be coequal.

When the payment of an installment of an assessment is delinquent under the terms of the assessing ordinance, the Mayor shall, upon request of the holder of the tax bill, certify the delinquent installment, interest, and penalty then due to the County Treasurer of the county in which the property is located. The delinquent installment and interest shall be placed by the County Treasurer upon the delinquent tax list of the county for the current year and collected as other delinquent taxes are collected and upon collection be paid to the city for disbursement to the holder of the tax bill. If the property subject to such assessment is sold by the County Treasurer, the certificate or deed therefor shall be executed and delivered as provided by law for the sale of property for unpaid ad valorem taxes. Such liens may be enforced by the holder of the tax bill by action in any court of competent jurisdiction. Upon the filing of an action for foreclosure of an installment of an

assessment, all remaining installments of an assessment shall become due and payable and the lien thereof may be foreclosed in such action. The Council may by ordinance make other rules and regulations, not inconsistent with this Article, for the collection of assessments for improvements. Any error or omission in selling property or designating the names of owners or any other error or omission may be corrected at any time by the Council or by the County Treasurer as provided by law for the correction of mistakes in sales of property for unpaid ad valorem taxes.

SECTION 2.1. SIDEWALK IMPROVEMENT DISTRICTS. The Council may construct, reconstruct, or repair any sidewalk, driveway return, or curb in the city when the public necessity requires such improvements. No change of grade previously established by the city shall be made without the payment of compensation to the owner of abutting property for any damage caused to permanent improvements erected with reference to the established grade; provided, the failure to pay such compensation shall not prevent the construction, repair, or improvement of sidewalks, driveway returns, or curbs, or invalidate any assessment against the property for the cost of such construction, reconstruction, or repair.

SECTION 2.2. RESOLUTION OF NECESSITY. When the Council shall deem it necessary to construct, reconstruct, or repair any sidewalk, driveway return, or curb fronting on or along any street, alley, or right of way, the Council shall declare by resolution the necessity for such improvements and direct the Mayor to prepare specifications and estimates of the cost of such improvements. Any number of sidewalks, driveway returns, or curbs may be included in a resolution. The Mayor shall prepare and submit to the Council specifications, estimates of cost, and a statement of the names of the owners and the description of the property liable to assessment for the cost of the improvements.

SECTION 2.3. NOTICE TO PROPERTY OWNERS. The Council shall approve the specifications and the statement. The Council shall notify the owners of the property liable to assessment for the cost of the improvements that the improvements have been ordered, constructed, reconstructed, or repaired and that specifications and estimates of cost have been approved by the Council and filed with the City Clerk. The Council shall notify the owners of the property liable to assessment to construct, reconstruct, or repair the improvements in accord with the approved specifications within thirty (30) days after the publication of the notice, or the city shall contract for the construction, reconstruction, or repair thereof. The notice shall be published in a daily newspaper of general circulation in the city for three (3) consecutive issues and shall be mailed to the owners of the property liable to assessment at their last known address.

SECTION 2.4. CONTRACT PROCEDURE. If the improvements have not been constructed within thirty (30) days by the owners of the property liable to assessment, the Council shall declare by resolution that the improvements shall be constructed, reconstructed, or repaired, and advertise in a daily newspaper of general circulation in the city for bids for the construction, reconstruction, or repair in accord with the approved specifications. The resolution shall provide that payment for the cost of the construction, reconstruction, or repairs, an engineering fee of not to exceed five percent (5%) of the cost of construction, and other expenses incurred by the city will be made by the issuance of tax bills. The advertisement shall state the time for submitting bids which

shall be not less than ten (10) days from the date of the advertisement. The Council shall award the contract to the most advantageous and the lowest secure bidder, or the Council may reject all bids.

SECTION 2.5. HEARING ON ASSESSMENTS. After the execution of a contract, the Mayor shall submit to the Council a statement of the cost of such improvements, including the engineering fee of not to exceed five percent (5%) of the cost of construction and the other expenses incurred by the city, together with the proposed assessments of those costs against abutting property.

The Council shall hold a hearing on the proposed assessments. Notice of the hearing on assessments shall be given by publication in a daily newspaper of general circulation in the city for three (3) consecutive issues and by registered or certified mail to the owners of the property liable to assessment at their last known address. The notice of assessment hearing shall be mailed and published not less than ten (10) days before the date of the hearing.

The Council shall hear objections of any owner of property liable to assessment and may raise or lower proposed assessments and shall assess by ordinance the total cost of the improvements against the property liable therefor.

SECTION 2.6. PAYMENT OF CONTRACTOR. The ordinance assessing the cost of the improvements against the property benefited by the improvements shall provide that the assessments shall be payable in three (3) equal annual installments with interest at the rate established by the Council from the date of the adoption of the assessing ordinance. The owner of property assessed with the cost of improvements may pay the full assessment without interest within thirty (30) days from the date of the adoption of the assessing ordinance, or may pay any unmatured installment of an assessment by paying the same together with interest to the next installment due date. Such assessments shall constitute liens against the property until paid.

After the completion and acceptance of the improvements, the Council shall deliver to the contractor any payments of assessments and shall issue and deliver to the contractor in payment of the balance of the total cost of the improvements special sidewalk, driveway return, and curb tax bills. The contractor shall pay to the city the engineering fee and other expenses incurred by the city. The form of the tax bill shall be established by the Council.

SECTION 2.7. DELINQUENT ASSESSMENTS. The Mayor after twenty (20) days from the due date of an installment of an assessment shall, upon the request of the holder of an unpaid and delinquent sidewalk, driveway return, or curb tax bill, certify to the County Treasurer of the county in which the property is located, the delinquent installment, interest, and penalty. The County Treasurer shall place the delinquent installment, interest and penalty upon the delinquent tax list of the county to be collected as other delinquent taxes are collected. Delinquent installment assessments shall bear the penalty established by the Council from the due date of each installment until paid. The County Treasurer shall advertise such delinquent assessments upon the delinquent tax list and sell the property liable for the assessment as provided by law for the sale of property for unpaid ad valorem taxes. Collected delinquent assessments shall be paid to the city for disbursement to the holder of the tax bill.

SECTION 2.8. FORECLOSURE. The holder of a special sidewalk, driveway return, and curb tax bill may foreclose the lien of the tax bill when any assessment shall remain delinquent for a period of one (1) year by an action in a court of competent jurisdiction. Upon the filing of an action for foreclosure of an installment of an assessment, all remaining installments of an assessment shall become due and payable and the lien thereof may be foreclosed in such action.

SECTION 2.9. EMERGENCY PROCEDURE. When the Council shall determine it necessary for the public safety to immediately repair any sidewalk, driveway return, or curb, the Council may declare by resolution an emergency and make such repairs. The Council shall order the owner or occupant of the property abutting the sidewalk, driveway, or curb to make such emergency repairs within three (3) days after the service of the order. If the owner or occupant cannot be found, the order may be served by posting a copy thereof upon the property abutting the sidewalk, driveway, or curb to be repaired. If the repairs are not made in accord with the order, the city may repair the sidewalk, driveway return, or curb or award a contract for the repair without advertisement. The cost of the repairs shall be assessed against the abutting property as provided by this Article for sidewalk assessments; provided, assessments of three hundred dollars (\$300.00) or less shall be payable in one (1) installment.

SECTION 3.1. SANITARY SEWER DISTRICTS. The Council may establish by ordinance districts for the construction, reconstruction, repair, or extension of sanitary sewers. The Council shall establish a district when the owners of more than one-half (1/2) the area of the land liable to assessment for a sanitary sewer shall petition therefor. Sewer districts may be changed, enlarged, or extended and shall include all necessary sewers, laterals, inlets, catch-basins, manholes, and other appurtenances necessary to serve the property within the district.

SECTION 3.2. PAYMENT FOR PUBLIC SEWERS. Except as herein otherwise provided, the cost of construction, reconstruction, repair, and extension of public sanitary sewers shall be paid as follows:

A. The cost of mains and submains shall be paid by the city; except, upon a petition signed by the owners of more than one-half (1/2) in area of the land that will be drained or benefited by the construction of mains or submains, the Council may create a district and order the construction of mains and submains and assess the cost of construction against property included within the district and benefited by the mains and submains as provided in Section 3.4 of this Article; and

B. The cost of district sewers and laterals shall be paid by the owners of the property abutting on and served by the district sewers and laterals; provided, where a main or submain serves the purpose of a district sewer or a lateral for the property abutting thereon, the abutting property shall be assessed an amount equal to the assessment which would have been made for a district sewer or lateral.

SECTION 3.3. CONSTRUCTION OF DISTRICT SEWERS. The Mayor shall prepare and submit to the Council plans and specifications for the construction of sanitary sewers

within a sewer district and an estimate of the cost of construction. Upon approval by the Council, the City Clerk shall advertise in a daily newspaper of general circulation in the city for bids for the construction of the sewers. The advertisement shall state the time for submitting bids which shall not be less than ten (10) days from the date of the advertisement. Bids shall be filed with the City Clerk and shall be opened at a meeting of the Council. The Council shall award the contract to the most advantageous and lowest secure bidder, or the council may reject all bids.

SECTION 3.4. ASSESSMENTS AND HEARING. After the execution of a contract, the Mayor shall submit to the Council a statement of the cost of construction which shall include an engineering fee not exceeding five percent (5%) of the cost of construction and other expenses incurred by the city, together with the proposed assessments of those costs against property included within the sewer district and benefited by the construction of the sewers. The cost shall be assessed against each property in the sewer district in the proportion of the area of each property to the area of the entire district, excluding public streets. The Council shall hold a hearing on the proposed assessments. Notice of the hearing on assessments shall be given by publication in a daily newspaper of general circulation in the city for three (3) consecutive issues and by registered or certified mail to the owners of the property liable to assessment at their last known address. The notice of the assessment hearing shall be mailed and published not less than ten (10) days before the date of the hearing. The Council shall hear the objections of any owner of property liable to assessment and correct the assessments to conform to the provisions of this Section.

SECTION 3.5. TAX BILLS. The Council shall assess by ordinance the total cost of construction against the property within the district. The assessing ordinance shall state the assessment against each lot or parcel within the district, the time and manner of payment, the rate of interest to be charged upon deferred installments, the penalty upon delinquent installments, and that each assessment shall be payable in five (5) equal annual installments commencing one (1) year after the date of the adoption of the assessing ordinance. The owner of property assessed with the cost of improvements may pay the full assessment without interest within thirty (30) days from the date of the adoption of the assessing ordinance, or may pay any unmatured installment of an assessment by paying the same together with interest to the next installment due date. Such assessments shall constitute liens against the property until paid.

SECTION 3.6. PAYMENT OF CONTRACTOR. After completion and acceptance of the sewers, the Council shall deliver to the contractor any payments of assessments and shall issue and deliver to the contractor sewer tax bills in payment of the balance of the total costs. The contractor shall pay to the city the engineering fee and other expenses incurred by the city. The form of the sewer tax bill shall be established by the Council.

SECTION 3.7. ASSESSMENTS A LIEN--DELINQUENCIES. Sewer tax bills, and the interest and penalty thereon, shall be a lien until paid against the lots and parcels of land assessed from the date of the adoption of the assessing ordinance coequal with the lien of ad valorem taxes and all other taxes and special assessments and prior and superior to all other titles and liens against such lots or parcels of land. The Mayor after twenty (20) days from the due date of an installment of an assessment shall, upon the request of the holder of an unpaid and delinquent sewer tax bill, certify

to the County Treasurer of the county in which the property is located the delinquent installment, interest, and penalty. The County Treasurer shall place the delinquent installment, interest, and penalty upon the delinquent tax list of the county to be collected as other delinquent taxes are collected. Delinquent assessments shall bear the penalty established by the Council from the due date of each installment until paid. The County Treasurer shall advertise such delinquent assessments upon the delinquent tax list and sell the property liable for the assessment as provided by law for the sale of property for unpaid ad valorem taxes. Collected delinquent assessments shall be paid to the city for disbursement to the holder of the sewer tax bill.

SECTION 3.8. FORECLOSURE. The holder of a sewer tax bill may foreclose the lien of the tax bill when any assessment shall remain delinquent for a period of one (1) year by an action in a court of competent jurisdiction. Upon the filing of an action for foreclosure of an installment of an assessment, all remaining installments of an assessment shall become due and payable and the lien thereof may be foreclosed in such action.

SECTION 4. RESORT TO COURTS. No action shall be commenced or maintained to set aside a tax bill issued pursuant to this Article, or to enjoin the Council from making improvements under this Article unless commenced within twenty (20) days after the adoption of the ordinance making such assessments; provided, that if a tax bill or assessment shall be declared invalid in whole or in part, the Council may make a new assessment as provided herein for original assessments.
