TARE Mission

Protect public and environmental health by delivering cost-effective and efficient solid waste management services while promoting sustainable programs and policies that will ensure a safe and healthy community for residents of the City of Tulsa and future generations.

TARE Vision

TARE will maintain a world-class solid waste management system that serves the refuse needs of all customers while transforming our community through innovative services and education that lead to an overall reduction in waste and an overall increase in reducing, reusing, and recycling.

TARE Goals

Short-term

- Increase communications on electronics disposal, engagements, surveys, etc.
- Expand/Explore options at the Land Reclamation Site
- Explore CHARM (Center for hard to recycle materials) opportunities.
- Prepare and execute a hauling contract.
- Develop a process for equipment procurement and replacements.

Long-term

- Explore Technological advancements.
- Align Strategic Partnerships
- Explore public/private partnerships for organics/green solutions.

On-going

- Lower recycling contamination rate and increase educational efforts
- Engage external customers on refuse & recycling opportunities and offerings.
- Succession Planning
