Background Information
This action will appropriate a total of \$49,859.00 to the PUBLIC WORKS DEPARTMENT within the PUBLIC WORKS NON-FEDERAL GRANTS SUB-FUND [SUB-FUND 1703].

A vehicle hit the traffic signal standard on the westbound side of Apache St near Yale Ave. Engineering staff looked at the damage and determined the standard needed to be replaced. The cost for the work was \$49,859.00, that cost is to replace the signal pole, the damaged signal equipment, and labor for the contractor to do the underground work. Since the pole was installed based on an old standard that does not meet current standards, a new footing was needed to be able to replace the pole (pole foundations require a different bolt circle to meet current standards and our current inventory of replacement signal poles).

The City has received an insurance reimbursement towards this incident in the amount of \$49,859.00. This action will recognize and appropriate the \$49,859.00 insurance payment and reimburse the "Citywide Traffic Engineering: Signal Installation, Repair and Replacement" project from which the expenses were paid.

Summation of the Requested Action
Request the Mayor and Council approve the attached Budget Amendment, BA1703111 | Traffic Engineering Reimbursement | \$49,859.00
