

Financial Empowerment Center Advisory Board Application

We appreciate your interest in serving as a member of the Financial Empowerment Center Advisory Board. Please complete and return this application by 4:30 PM on January 30, 2020 to Karla Davis kdavis@goodwilltulsa.org.

What is a Financial Empowerment Center?

A Financial Empowerment Center (FEC) provides professional, one-on-one, financial counseling to help residents increase savings, reduce debt, increase credit scores, and connect to banking services.

An FEC is part of Tulsa's overall strategy to stabilize individual financial health; provide financial education and counseling; embed counseling within municipal services and fee systems; increase connectivity to better paying jobs; and supporting local entrepreneurship.

Purpose of the advisory group

The advisory board will provide input and guidance on the design of the Financial Empowerment Center scheduled to open in late 2020. This input will assist the City of the Tulsa in applying for an implementation grant due in July 2020 to support the opening of the Financial Empowerment Center.

Advisory Group Commitment

Advisory board members must be able to attend three 2-hour meetings approximately once per month as well as the initial kick off meeting to be held on February 6th at 1:00 p.m.
