

DISASTER PREPAREDNESS AT HOME

RESOURCE GUIDE

SBP is a national nonprofit whose mission is to shrink the time between disaster and recovery.

SBP eliminates unnecessary suffering by helping those affected by disasters to rebuild and recover. By educating residents about resilience before disasters occur and making the post-disaster recovery process more understandable, SBP lessens the amount of time people experience stress and trauma.

Learn more at SBPUSA.org

Prefer videos and interactive tools to paper guides? See this guide's information and more come to life at:

SBPprotects.org

Short, interactive trainings offer practical and actionable steps to help you reduce risk and recover more quickly when disasters occur.

Available anytime on your desktop or mobile device.

Know Your Risks

CHECKLIST

- Identify the hazards most likely to occur in your community and the kinds of impacts they may have
- Look up your zip code at www.disastersafety.org
- Check with your local public safety office for risk resources

Know that flood maps are not solely reliable indicators of flood risk--get flood insurance to protect your home and possessions

Other factors that affect flood risk are not represented in the maps, such as new development and changes in weather

- Major flooding is occurring more and more frequently OUTSIDE mandatory flood insurance zones (also called "Special Flood Hazard Areas" or "100-Year Floodplains")
- Know and regularly check key information sources about any approaching hazards and local emergencies
- Check with your local government on emergency notification systems
- Visit www.ready.gov/alerts

Download useful emergency apps: FEMA, American Red Cross, weather, local alert apps

 FEMA: www.fema.gov/mobile-app
 American Red Cross: www.redcross. org/mobile-apps/emergency-app

DID YOU KNOW?

?

Heavy, multi-day storms are are 40% more frequent,¹ and the heaviest rainstorms are 20% bigger than they were 30 years ago.²

80% of Houston buildings flooded by Hurricane Harvey were OUTSIDE the manadatory flood insurance zone.³

CHECKLIST

Put together a disaster supplies kit for your family

Include basic necessities and a week's supply of any medications your family and pets need

Make an emergency plan for your family

Include how you will communicate with each other, evacuate, shelter at home, and take care of medical needs in the event of an emergency

Use the Family Emergency Plan template on the next page

BASIC EMERGENCY SUPPLIES KIT LIST

Water: one gallon per person, per day		
Food: non-perishable, easy-to-prepare		
Flashlight		
Battery-powered or hand-crank radio (NOAA Weather Radio, if possible)		
Extra batteries		
First aid kit		
Medications, medical items		
Multipurpose tool		
Sanitation and personal hygiene items		
Emergency blanket		
Map(s) of the area		
Copies of important documents		
Cellphone with chargers Family and emergency contact information		
Extra cash		

Pre-made prep kits are available at many major retail stores

List Source: American Red Cross -"Be Red Cross Ready Checklist" - RedCross.org

KEEP IN MIND

Cellphones may not work in an emergency event, and you may have difficulty recharging them.

Keep a written emergency contacts card with you (p.19) and arrange an out-of-town contact for your family to coordinate through.

Make Your Emergency Plan

DID YOU KNOW?

?

You should have enough supplies to meet your family's basic needs for at least 3 days. A 3-day supply for evacuation and 2-week supply for sheltering at home is even better.

ADDITIONAL ITEMS (BASED ON FAMILY NEEDS AND DISASTER RISKS)

- Medical supplies (hearing aids with extra batteries, glasses, syringes, cane)
- Baby supplies (bottles, formula, diapers)
- Games and activities for children
- Pet supplies
- Two-way radios
- U Whistle
- N95 or surgical masks
- Matches
- 🔲 Rain gear
- Towels
- Work gloves
- Tools/supplies for securing your home
- Extra clothing, hat and sturdy shoes
- Plastic sheeting, duct tape and scissors
- Household liquid bleach
- Blankets or sleeping bags
- Entertainment items

Source: American Red Cross - "Be Red Cross Ready Checklist" - RedCross.org

FAMILY MEMBER RESPONSIBILITIES

TASK	DESCRIPTION	PERSON RESPONSIBLE
DISASTER KIT	Stock the disaster kit and take it if evacuation is necessary. Include items we want to take to an evacuation shelter. Remember medications and eye glasses.	
BE INFORMED	Monitor NOAA or local radio, TV, or emergency alerts for important emergency and weather information.	
IMPORTANT Documents	Take important documents with us if evacuating.	
TURN OFF Utilities, Unplug Appliances	 If local authorities instruct us to, turn off utilities at main switches or valves and disconnect electrical appliances. DO NOT touch electrical equipment if wet or standing in water Contact utility company to turn back on gas - never do it ourselves 	
PETS	Evacuate our pet(s), keep a phone list of pet-friendly motels and animal shelters, and assemble and take the pet disaster kit.	
SHARING AND UPDATING THE PLAN	Share the completed plan with those who need to know. Meet with the family every 6 months or as needs change to update the plan.	

9 • DISASTER PREPAREDNESS AT HOME // RESOURCE GUIDE

Manage Your Documents

CHECKLIST

Gather and organize the types of important documents and records you may need after a disaster Use the checklist on the next page

Replace any missing documents

Update any titles or ownership papers that do not list the current owner's name

You will have to prove ownership when filing insurance claims or applying for disaster assistance

Safely store records with backup copies you can access from outside your home

Protect hard copies at home from water and fire

Secure, online cloud storage is an ideal backup

Be familiar with the types of documents FEMA and SBA require

RESOURCES

- Visit FEMA.gov and search:
 - Emergency Financial First Aid Kit
 - Individuals and Household Program
- Visit RedCross.org and search:
 - Picking up the pieces after disaster guide
- Visit SBA.gov and search:
 - Disaster Home and Property Loans program

DID YOU KNOW?

Insurance companies, government agencies like FEMA and SBA, and charitable organizations require certain documents in order to be able to process claims and provide assistance after disaster.

?

KEEP IN MIND

Having important documents organized, protected and backed up electronically so they are safe and accessible in an emergency can help you avoid disaster recovery delays.

Manage Your Documents

KEY DOCUMENTS CHECKLIST PERSONAL ID HOUSEHOLD INFORMATION & CONTACTS Driver's license and ID cards Family emergency and out of town contacts Birth certificate, adoption and child custody records Employer information and contacts Marriage and divorce licenses School information and contacts Local government, emergency Passport, green card, naturalization documents services contacts Social security card Service and utility providers Military ID, discharge records Repair and contractor services Pet ID & proof of ownership information MEDICAL **FINANCIAL & LEGAL** Physician and pharmacy contact information Housing records (deed, lease, rental agreement, mortgage, home equity Health insurance ID cards and line of credit) policy information Other financial obligations (bills, loans, credit Medicare/Medicaid ID cards cards, family support, recurring payments) Immunization, allergy and medical history Bank & investment account information Vehicle title and registration Current prescription copies, medication list Insurance policies Caregiver agency contract or Inventory of property and contents service agreement (descriptions, photos, videos, receipts, ownership papers, appraisals) Medical equipment models, serial numbers and supplier information Income sources (pay stubs, benefits statements) Disabilities documentation Tax records (keep returns a minimum Living will of 3 years) Pet immunization, prescriptions and Will, trust, power of attorney veterinarian contact information

Insurance Preparedness

CHECKLIST

Get right insurance coverage, especially flood insurance for your home structure and contents

You must have flood insurance to be covered for flood damages.

To get flood insurance, visit your existing homeowners/renters insurance agent or call the National Flood Insurance Program (NFIP) Referral Call Center at 1-800-427-4661.

Use the "Ask Your Agent" questions on the next page and review all of your insurance policies with your agent.

Save for all of your deductibles

 Deductibles are the amount of money you are responsible for paying out of pocket toward an insured loss
 Add up the deductibles for all of your insurance policies: homeowners/ renters, flood, auto, etc. Save for this.

Make a home inventory

Take pictures or video of all your home's rooms and storage areas. Make a list of high value items with item details and receipt copies.

Set aside emergency cash

Consider your family's cash needs if you had to shelter away from home for 2-3 days (hotel, gas, food, water, basic necessities). Save for this.

VISIT FLOODSMART.GOV TO LEARN MORE ABOUT FLOOD INSURANCE

?

KEEP IN MIND

Homeowners and renters insurance **do not** cover flooding. You must purchase flood insurance separately.

DID YOU KNOW?

The average flood insurance policy is \$800 annually,⁴ which is **less than \$3 a day**.

Outside the mandatory flood insurance zone, premiums can be less than \$400 annually,⁵ or about **\$1 or less a day**.

These policies can buy you coverage of up to **\$250,000** for your home and up to **\$100,000** for your contents.

/

One inch of flood water can cause **\$10,000 or more in damages** to an average home.⁶

The average FEMA disaster assistance grant is **only \$4,600** per household after flooding disasters,⁷ but the average flood insurance payout is **\$43,000**.⁸

OUESTIONS TO ASK YOUR INSURANCE AGENT

PERILS

- What perils are covered and excluded in my policy?
- Do I have flood insurance to cover the risk of flood damage to my home and possessions?
- Do I have the right coverage for the other perils I face, such as windstorms?

PROPERTY COVERAGE

- Does my coverage include:
 - Home structure AND contents? (structure and contents coverage are purchased separately in flood insurance policies and have separate deductibles)
 - Detached structures (garages, sheds)?
 - Special items (antiques, jewelry, etc.)?

VALUES

- Are the values listed for my home and contents up to date?
- Are my current coverage limits and deductibles in line with my needs? If not, what adjustments can I make?
- If I have one, have I met my coinsurance percentage minimum?
- Am I insured to Replacement Cost instead of Actual Cash Value (ACV)? (ACV covers only item value minus depreciation, not enough to replace with a similar new item)

ADDITIONAL NEEDS

- Do I have enough coverage if:
 - I need to rebuild to newer building code requirements?
 - I need to live somewhere else for an extended period of time while my home is being repaired?
 - To protect my assets in the event of a lawsuit?

FILING A CLAIM

- What forms do I need to complete? Is there an app I can use?
- What information and documentation will I need about my losses?
- How soon after an incident do I need to file the claim?
- What do I need to know about making temporary repairs?
- What do I need to know about working with contractors to repair damage to insured property?

Home inventory tools:

- Check with your insurance company on available apps or online tools
- United Policyholders' free Home Inventory tool www.uphelp.org
- Map and list of insurance premium discounts and incentives for mitigation: www. smarthomeamerica.org/fortified/discountsand-incentives

Protect Your Home

CHECKLIST

construction, renovation, or re-roofing; see resources on the next page

Regularly inspect your property		PROPERTY INSPECTION CHECKLIST	
and keep it clear of hazards such as dead trees or blocked drains		Clear dead trees and vegetation	
Regularly inspect your roof and		Remove yard debris	
keep it in good repair <i>Use the checklist on the next page</i>		Clean drains and gutters	
Plan actions you will take to secure your property in the event of severe		Avoid having bare ground (plant vegetation where possible)	
weather or emergencies Such as bringing outdoor items		Inspect yard structures and keep in good repair	
inside, putting up storm shutters, elevating items above ground floor level, or laying sandbags		Inspect any sloped areas, patios and retaining walls; have examined by a geotechnical engineer if you see signs of	
Look into the cost and safety		slope movement or structural damage	
benefits of different protective measures for your home, and take those that make sense for your risk situation and budget		Secure outdoor furniture in advance of storms.	
🥌 UIIEN EASIEST TO OO OHINOO NEW			

Protect Your Home

ROOF INSPECTION CHECKLIST

Inspect Roof Cover

Is your roof covering in good condition and securely attached? For shingle roofs, look for:

- Loose shingle tabs
- Cracks in shingles
- Broken or missing tabs
- Buckling or curling shingles
- Blistering of tabs
- Majority of granules worn off tabs

Inspect Roof Penetrations

- Are penetrations well sealed and tight?
- Are there gaps and/or signs of missing sealant?
- Are there badly deteriorated holes and gaps?

Inspect Off-Ridge Vents

- Do vents wiggle back and forth?
- Are they well attached?
- Are there screws attaching turbines or caps off-ridge vent?
- Inspect ridge vents
 - Are vents tightly screwed down?
 - If nails are used, are they are properly attached?

Inspect for roof leaks

Evaluate for signs of damage from outside:

- Leaks inside the attic
- Water stains on roof decking look around the chimney, around vents and pipes and valleys
- Discolored roofing deck, rafters or trusses

Evaluate for signs of leaks from inside:

- Water stains on ceiling
- Cracked wall or ceiling paint
- Peeling wall paper

SECURING FOR EMERGENCIES

If severe weather is forecast, plan what steps you'll take to protect your property, such as:

- Bring any outdoor items indoors or put in secure storage
- Put up protective window covering/ storm shutters
- Move items above ground floor level
- Disconnect electrical appliances
- Know how to shut off utilities (do so only if instructed)
- Check and lock all windows and doors if leaving

Source: Insurance Institute for Business and Home Safety (IBHS) - DisasterSafety.org

Protect Your Home

PROPERTY IMPROVEMENTS

Protective measures you may wish to consider for your property could include:

Roof protection, for example:

- Sealing your roof deck
- Installing wind and impact-rated roof cover
- Using ring shank nails to secure roof cover. attachments
- Protecting attic vents
- Bracing any gable end roof framing
- Hurricane straps to strengthen roof, wall connections
- Protection for windows and doors, such as hurricane shutters, impact-rated models, or bracing for garage doors

Flood protection, such as:

- Home elevation
- Flood barriers or shields
- Electrical system and appliance protection, such as raising the height of electrical component systems to at least a foot above 100-year flood level
- Storm shelter or safe room "(register with your local storm shelter registry if you install one)

RESOURCES

- Visit FEMA.gov and search:
 - Protecting homes
 - Bracing gable end roof framing
 - Bracing garage doors
 - Flood protection
 - Raising electrical system components
 - Safe rooms
- IBHS FORTIFIED Home construction & retrofitting standards:
 - DisasterSafety.org
- Roofing tips and information:
 - www.dontgoof.org

?

DID YOU KNOW?

Every \$1 invested in mitigation saves an estimated \$4-\$6 in future disaster recovery costs.9

SBP RESOURCES

SBP has developed several resources to support preparedness and recovery:

- Preparedness Checklists & Resource Guides (sbpusa.org/what-we-do/ prepare) for residents, small businesses & non-profit organizations
- Recovery resources (sbpusa.org/starthere) including:
 - navigating the disaster assistance process
 - avoiding contractor fraud
 - mold remediation guide
 - post-disaster insurance guide
 - home elevation and code
 compliance

GENERAL RESOURCES

NATIONAL

Some national resources available to help with preparedness planning and recovery include:

- Federal Emergency Management Agency (FEMA): www.fema.gov
- Disasterassistance.gov: www.disasterassistance.gov
- Ready.gov: www.ready.gov
- National Weather Service: www.weather.gov
- American Red Cross: www.redcross.org
- Insurance Institute for Business and Home Safety (IBHS): www. disastersafety.org
- Insurance Information Institute (III): www.iii.org
- Better Business Bureau (BBB): www.bbb.org

STATE & LOCAL

Many state and location organizations have information, tools and support available for preparedness and recovery. Below are some common agencies you can search the internet to find for your area.

- State Emergency Management Office
- State Department of Insurance
- Local Emergency Management Office
- Local Planning Department
- Local American Red Cross
- Local United Way and 2-1-1
