

SECTION 3
FUNDS

This section of the document contains the appropriations by funds, departments and expenditure classifications for operating and capital funds. It also contains the revenues projected to be received by each fund in the upcoming fiscal year.

This section is part of the ordinances adopted by the City Council.

ABOUT THE DISTRICT

As one of the most prominent concentrations of African-American businesses in the United States during the early 20th century, the Historic Greenwood District was also known as “Black Wall Street”. Nearly destroyed in the Tulsa Race Massacre of 1921, it has since rebuilt and is home to restaurants, galleries, retail establishments, John Hope Franklin Reconciliation Park, Greenwood Cultural Center and ONEOK Field.

WHAT IS "BUDGETARY BASIS"?

Budgetary Basis refers to the basis of accounting used to estimate financing sources and uses in the budget.

Cash Basis indicates transactions are recognized only when cash is increased or decreased;

Accrual Basis indicates revenues are recorded when they are earned (whether or not cash is received at the time) and expenditures are recorded when goods and services are received (whether cash disbursements are made at the time);

Modified Accrual Basis indicates expenditures, other than accrued interest on general long-term debt, are recorded at the time liabilities are incurred, and revenues are recorded when received in cash except for material and/or available revenues, which should be accrued to reflect properly the taxes levied and revenue earned.

 Cash Basis Accrual Basis Modified Accrual Basis

BUDGET METHODS

The budgets of general government type funds (General Fund, Special Revenue Funds, Governmental and Enterprise Capital Funds, Fiduciary Funds, and three enterprise funds) are prepared on a cash basis. This indicates transactions are recognized only when cash is increased or decreased. Revenue estimates and expenditures are made based on actual cash to be received and expended in the upcoming fiscal year. Encumbrances are used when calculating fund balance and cash is reserved to ensure revenue for future payments.

Most Operating Enterprise Funds and Internal Service Funds are budgeted on an accrual basis. Revenues are recorded when they are earned, whether or not cash is received at the time. Expenditures are recorded when goods and services are received, whether cash disbursements are made at the time or not. The Capital Enterprise Funds are budgeted on a cash basis as noted above.

Budgets for the Debt Service and Special Assessments funds are prepared on a modified accrual basis. Expenditures other than accrued interest on general long-term debt are recorded at the time liabilities are incurred. Revenues are accrued to reflect the taxes levied and revenue earned.

None of the Funds' budgets include appropriations for vested compensated absences or depreciation. Some appropriations related to debt service reflect money being transferred to trustee banks on a monthly basis to meet semi-annual and/or annual principal and interest payments. As the actual principal and interest payment dates are not related to the city's fiscal year, there will be a difference in debt service expense in the budget and what is reported on annual financial statements. Also in some instances, bond reserves and interest earnings at the trustee bank will be used to meet debt obligations and these resources are not reflected in the budget.

ACCOUNTING METHODS

The Comprehensive Annual Financial Report (CAFR) shows the status of the city's finances on the basis of "generally accepted accounting principles" (GAAP).

Principal payments on long-term debt within the Enterprise Funds are applied to the outstanding liability on a GAAP basis as opposed to being expended on a Budget basis. In other words it is a "balance sheet" entry and is not reflected as expenditure in the CAFR.

General staff and administrative charges are recognized as direct expenses of the Enterprise Funds on a GAAP basis as opposed to being recognized as operating transfers into the General Fund from the Enterprise Funds on the Budget basis.

Compensated absences liabilities that are expected to be liquidated with expendable available financial resources are accrued as earned by employees (GAAP basis) as opposed to being expended when paid (Budget basis).

Depreciation expenses are recorded on a GAAP basis. They are not budgeted in any governmental or proprietary fund.

Capital outlays within the Enterprise Funds are recorded as assets on a GAAP basis and expenditures on a Budget basis.

MUNICIPAL BUDGET ACT FUNDS NOT INCLUDED IN THE ANNUAL BUDGET DOCUMENT

The City of Tulsa does not include all of the funds subject to the Municipal Budget Act in its Annual Budget document. Some revenues, such as General Obligation and Revenue Bonds, Community Development and Local Law Enforcement Block Grants, Homeland Security Grants, and State Loans are received in the middle months of the fiscal year and not enough information is available to estimate appropriations in a reasonable manner. The appropriation of these monies is managed by budget amendment during the year after bonds are closed or grant agreements signed. The operating funds not included in the Annual Budget Book are equal to about two percent of the City's annual operating budget.

GOVERNMENTAL FUND
BUDGETED ON A
CASH BASIS

OVERVIEW

The General Fund (GF) serves as the primary operating fund for the City of Tulsa. It is the largest City fund in terms of revenues and expenditures. GF resources may be used to pay for any service the City has the legal authority to provide under its charter and state laws.

BUDGET SUMMARY

The unassigned fund balance is the net resources available in the GF after reserving for appropriations and encumbrances. The committed fund balance is a self-imposed limitation on funds, therefore, the emergency operating reserve is now designated as committed fund balance. With the adoption of this budget the City Council is officially committing these monies to the emergency operating reserve. Starting in FY21 it is no longer necessary to commit resources to address the City's Other Post Employment Benefits liability (OPEB). Additionally, the \$6 million Economic Stabilization Reserve will be reduced to address a projected economic slowdown. This reserve will be decreased by \$3 million in FY20, \$1.5 Million in FY21, and \$.75 million in FY22.

In FY19, revenues over-performed estimates and expenditure budgets were underspent by \$8.6 million and ended the year with \$10.8 million in unassigned fund balance. This is largely the result of increased sales tax collection and underspending expenditures. The FY20 revenue estimate reflects the start of an economic slowdown of \$2.7 million or 1 percent that will carry over to FY21 and FY22. The economic down turn is primarily caused by low energy prices and actions taken to limit the spread of the covid-19 virus.

Both FY21 and FY22 reflect a cost allocation accounting change which moves departments with allocated budgets in separate funds, to one fund, the General Fund. Those departments will have combined funding in one place to make it easier for department personnel to manage their budgets and improve the purchasing process. Services provided to operations outside of the General Fund will be charged for services received. The impact from the change adds approx. \$30 million to both revenues and expenditures in FY21 and FY22 and explains why the General Fund budget and revenues appear to increase when actually a decline is projected.

REVENUE

FY21 GF revenues are projected to be \$305.8 million. This is 4.4 percent less than the FY20 Original Budget after the approx.\$29 million cost allocation change is removed from the analysis. This is largely due to the decline in sales and use tax collections.

EXPENDITURES

The FY21 GF budget is \$315 million. This is 2.1 percent less than the FY20 Original Budget after the approx.\$29 million cost allocation change is removed from the analysis. A hiring freeze has been implemented along with furloughs to lower expenditures. Also, unassigned fund balance and the Economic Stabilization Reserve were used to stabilize the budget during the projected economic decline.

The Public Safety program's appropriations supporting the Police, Fire, Municipal Court, and Emergency Management, account for 58 percent of the FY21 budget. The Administrative and Support Services category represents approximately 19 percent of the FY21 budget. Public Works and Transportation will receive the third largest allocation at 11 percent of the budget. Cultural and Recreational activities will be allocated 7 percent of FY21 resources. The City's Economic Development and Neighborhood Services functions will consume 4 percent of the FY21 budget and the remaining 1 percent will be transferred to other funds.

The Police and Fire Departments' total allocations are increasing in FY21 by 0.4 and 0.5 percent, respectively. In FY21, Police academies of forty-five (45) are funded and Fire Department service levels will be supported by the addition of sixteen (16) cadets. To bolster service levels in the Police Department, the Public Safety Tax will fund a Police academy of thirty (30) cadets in FY21.

Cultural and Recreational programs will be impacted by 2.7 percent increase from the original FY20 budget in FY21. This is caused by a change in cost allocation accounting methods that now reflect 100 percent of Park and Recreation budget in the General Fund. Parks and Recreation budget does reflect operational reductions for pools and summer day camps for July and August, 2020 due to the covid-19 virus.

Social and Economic Development program allocations are decreasing by 2.5 percent in FY21. The decrease was largely attributed to a onetime economic development study funded in FY20 but not needed in FY21.

Public Works and Transportation will increase by 30.8 percent in FY21. This increase is due to a change in cost allocation accounting methods that now reflect 100 percent of Engineering Services budget in the General Fund.

The Administrative and Support Services programs' allocations are increasing by 31.8 percent. This increase is due to a change in cost allocation accounting methods that now reflect a larger percent of Finance, Information Technology, Asset Management and Customer Care budgets in the General Fund.

Transfers out will decrease by 6.1 percent in FY21 as a result of final payment in FY20 to HUD.

SINKING FUND

FY 2020 - 2021 & FY 2021 - 2022

OPERATING FUND

110

DEBT SERVICE FUND
BUDGETED ON A
MODIFIED ACCRUAL BASIS

OVERVIEW

The Sinking Fund is not subject to the Municipal Budget Act and is not part of the adopted budget. It is included here for informational purposes only. The Sinking Fund (a Debt Service Fund) accounts for the accumulation of financial resources for the payment of interest and principal on the City's general long-term debt. Ad Valorem taxes are used for the payment of principal, interest and commissions to fiscal agents on the City's general obligation bonds and judgments which are recorded in the General Long-Term Debt Account Group.

The Oklahoma Constitution requires the City make an annual Ad Valorem tax levy for the sinking fund which, along with cash and investments in the fund, is sufficient to pay interest and principal on bonded indebtedness and judgments, as the City is by law required to pay.

BUDGET SUMMARY

The estimated year end fund balance will carry over to FY21 and previous judgments being paid over a multi-year period are known and included in the fund balance reserve.

E 911 OPERATING

FY 2020 - 2021 & FY 2021 - 2022

OPERATING FUND
120
SPECIAL REVENUE FUND BUDGETED ON A CASH BASIS

OVERVIEW

In July 1987, Tulsa voters approved the development and implementation of an enhanced 911 system and a fee on phone service to cover its costs. The E911 Fee Operating Fund was established to account for the collection of the fee and to track the enhanced 911 service expenditures. Ordinance #16930, approved by the Mayor in December 1989, set a first-year emergency telephone user charge of five percent of the tariff rate with subsequent years set at three percent of the tariff rate. In 1994, the City Council approved raising the tariff rate back to five percent to establish an emergency communication capital equipment replacement and acquisition program. While the initial projects have been implemented, revenues from the tariff continue to provide a significant funding source for emergency dispatching. In 2006, Tulsa County voters approved a 50 cent per month user charge on cell phones. This revenue source also helps fund E911 operations.

BUDGET SUMMARY

Revenues in the E911 Fee Operating Fund reflect passage of House Bill 3126, the "911 Reform Bill". Effective January 1, 2017, HB3126 increased the wireless 911 fee from \$0.50 to \$0.75 with the majority of the assessment being made available to municipalities to help fund 911 operations. Revenues from all 911 assessments are reflected in this fund and are made available for 911 operations.

OVERVIEW

The Emergency Management Services Authority (EMSA) Fund was created to support the operations of EMSA Eastern Division. However, a small amount pays EMSA's share of the City's utility billing system costs, a position to oversee certain compliance issues with the fee and an additional amount is used to defray some of the operational costs for the Fire Department's first responders. In December 2011, Ordinance #22596 was approved establishing a rate stabilization fund equal to 10 percent of EMSA's annual budget for the Eastern Division. This fund is to be retained by the City and shall be funded from revenues received from the emergency medical fee. Uses for the rate stabilization fund are limited to the provision of Medical Service Program services and related City administrative costs and services. In June 2014, the City Council passed Ordinance #23133 increasing the monthly emergency medical fee from \$3.64 to \$5.45 per month which will continue to be used for previously established purposes.

BUDGET SUMMARY

Emergency Management Services Authority Fund revenues are estimated to be \$6,786,000 in FY21 and most will be transferred to EMSA. A \$650,000 transfer to the General Fund to support the Fire Department's first responder program is included as well as \$350,000 for the department's purchase of supplies and equipment related to that program.

PA LAW ENFORCEMENT TRAINING

FY 2020 - 2021 & FY 2021 - 2022

OPERATING FUND
125
SPECIAL REVENUE FUND BUDGETED ON A CASH BASIS

OVERVIEW

The Penalty Assessment Law Enforcement Training Fund has been established to administer revenues collected under provisions contained in Oklahoma Statutes, "Title 20 -- Courts, Section 1313.2". This law allows any municipality having a basic law enforcement academy approved by the Council of Law Enforcement Education and Training (C.L.E.E.T.) to dedicate \$2.00 of each court fine over \$10.00, excluding parking or standing violations, to local law enforcement training programs. While the great majority of the money is appropriated to the Police Department, the law allows up to 7 percent of the amount collected to be used for court and prosecutor training. Appropriations to the Legal and Municipal Court Departments reflect this option.

BUDGET SUMMARY

The FY21 budget has been set to align with current resources. This budget will continue to provide training for the Tulsa Police Department, Municipal Court and City Prosecutors.

TULSA STADIUM IMP DISTRICT

FY 2020 - 2021 & FY 2021 - 2022

OPERATING FUND

141

SPECIAL REVENUE FUND
BUDGETED ON A
CASH BASIS

OVERVIEW

The Tulsa Stadium Improvement District (TSID) No. 1 was created July 10, 2008 pursuant to Oklahoma Statutes Title 11, Sections 39-103 and 39-103.1.

Its purpose is to create a funding source for improvements and services within downtown Tulsa, which included a funding mechanism for the construction of a multi-purpose public recreational facility with a primary purpose as a ballpark, together with its maintenance and other improvements and services.

The current boundary consists of all tracts and parcels of real property lying within Planning District No.1 of the Comprehensive Plan of the City of Tulsa, commonly known as the Inner Dispersal Loop (IDL).

The Tulsa City Council passed resolution #7571 in July 2008, to levy an annual special tax assessment which began July 1, 2009. The FY21 assessment has been set at \$0.069 per square foot. As assessment revenues are received, they are split between two components, capital (\$0.043) and services (\$0.026). District revenue also supports enhancement and redevelopment of downtown property and will increase the economic benefit derived from the downtown infrastructure and BOK Center investments.

The assessment funds the activities of the Downtown Coordinating Council. The Downtown Coordinating Council is an advisory board comprised of downtown property owners, government officials and business owners that provide support and advice for planning and management of improvement, maintenance, and marketing of downtown Tulsa.

BUDGET SUMMARY

In FY22, the budget projects the Council becoming a separate organization from the City and the appropriations consolidating into a management services account.

OVERVIEW

The Whittier Square Improvement District (WSID) was created pursuant to Oklahoma Statutes, Title 11, Article 39, Sections 101- 121. The district provides enhanced street, alley and sidewalk cleaning, parking lot maintenance, and landscaping maintenance at a service level higher than normal City standards. The district is comprised of all property fronting South Lewis Avenue, from the Martin Luther King, Jr. Memorial Expressway to East 11th Street South and along East Admiral Boulevard, from the east line of Zunis Avenue to a point approximately 100 feet west of South Atlanta Avenue and along East 1st Street South, from the alley approximately 150 feet west of South Lewis Avenue to the west line of South Lewis Avenue.

The City provides approximately 50 percent of the revenue required to provide these services with a transfer from the General Fund. The City has contracted with a non-profit corporation, Whittier Square Improvement District, Inc., which was formed by owners of the properties, to collectively manage the daily affairs of the district and oversee the service providers.

BUDGET SUMMARY

This assessment expired in June 2020, at which point the assessment ceased and the General Fund subsidy was eliminated.

OPERATING FUND
160
GOVERNMENTAL FUND BUDGETED ON A CASH BASIS

OVERVIEW

In December 1993, McDonnell-Douglas announced the cessation of operations at the Air Force facility known as Air Force Plant 3 (AFP 3), whereupon the City of Tulsa proceeded to have the United States Air Force convey AFP 3 back to the City as intended when the City deeded the 338 acres to the U. The Mayor's Office, the Chamber of Commerce, PSO, ONG, Asset Management, Legal, Airports and other agencies have worked together to make the property suitable for continued commercial use. The land and improved facilities have been leased to Spirit AeroSystems, Inc., Navistar and Nordam.

BUDGET SUMMARY

The FY21 budget will continue to provide for improvements to the facility.

COMMUNITY DEVELOP BLOCK GRANT

FY 2020 - 2021 & FY 2021 - 2022

OVERVIEW

Title 1 of the Housing and Community Development Act of 1974 authorized the creation of the Community Development Block Grant (CDBG) program. The goals of the program are to: 1) Provide decent, safe and sanitary housing; 2) Provide a suitable living environment; and 3) Expand economic opportunities. Activities funded under CDBG must meet one of three National Objectives: 1) Provide a benefit to low- and moderate-income persons; or 2) Prevent or eliminate slum and blight; or 3) Meet an urgent community need that threatens the health and/or welfare of residents.

Allocations of the Housing and Urban Development (HUD) grants are governed by Ordinance 22813. Applications for grant funding are received, reviewed, and scored by five independent reviewers. The HUD Community Development Committee comprised of mayoral, council, INCOG, and City staff appointees assesses the compiled scores and makes funding recommendations. Recommendations are presented to the Mayor and City Council for further review and discussion. A Resolution with final funding awards is executed by the City Council and Mayor and submitted to HUD with the Annual Action Plan.

BUDGET SUMMARY

All FY21 appropriations consist of administrative costs in the Finance Department and allocation to eligible program activities. Any unspent balance is reserved for eligible program activities.

2006 SPECIAL EXTEND SALES TAX

FY 2020 - 2021 & FY 2021 - 2022

OVERVIEW

This fund was established by City Ordinance to account for the 2006-2012 Third Penny Sales Tax capital projects. The May 9, 2006 vote provides funding for this program. All projects total \$463.5 million. The fund began receiving sales tax revenue in September 2006. Budgeting is done on a cash basis for this Governmental Capital Fund.

A revenue bond was issued in June 2006 to finance the uncompleted projects in the 2001 Sales Tax program. Fund 403 has been used to account for the related revenues and expenditures.

BUDGET SUMMARY

Revenues from the Third Penny Sales Tax are normally used in the year received to fund capital and capital maintenance projects. This fund is projected to receive interest earnings in FY21.

All appropriations for the original projects outlined in title 43-F of the City of Tulsa Revised Ordinances have been made. In FY17, an additional \$2.2 million was appropriated from fund balance and interest income to the East Tulsa Fire Station project in order to complete the project as originally proposed. In FY18 and FY19, savings from the Arterial Streets Rehabilitation Project were appropriated to the Performing Arts Center to finish interior renovations within the facility. Additionally, the 2006 Advance Funded Sales Tax Fund (403) was closed with the remaining cash transferred into fund 402. All remaining fund balance in FY21 and FY22 will be reserved for projects identified by the Mayor and City Council.

FY 2020 - 2021 & FY 2021 - 2022

OVERVIEW

This fund was established as part of the Fix Our Streets Program authorized by the electorate in November of 2008. This authorized temporary increase in the sales tax levy of one and two-twelfths percent (1.167%) was to be used for the repair, construction and reconstruction of streets, bridges and related infrastructure as outlined in the applicable ordinance. The authorized tax levy expired June 30, 2014.

BUDGET SUMMARY

The FY14 Budget was reduced by \$5.0 million to offset underperforming sales tax revenue. In FY15, the last \$10.0 million in sales tax revenue pledged to this program was appropriated for street maintenance and repair projects. The FY21 and FY22 fund balance will be reserved to complete projects within the original program in the event of cost overruns.

SHORT TERM CAPITAL

FY 2020 - 2021 & FY 2021 - 2022

CAPITAL FUND
477
SPECIAL REVENUE FUND BUDGETED ON A CASH BASIS

OVERVIEW

The Short-Term Capital Fund was established to finance the City's short-term capital needs. For budget purposes, a short-term capital asset has a minimum value of \$1,000 and a useful life of more than one year but less than ten years. Revenue is provided by the 2014 Sales Tax Fund which includes provisions for "short-term" capital improvement projects. In November 2019 the electorate approved the 2020 Sales Tax Fund which will provide funding from 2022 – 2026 for "short-term" capital improvement projects.

BUDGET SUMMARY

Since July 2014, sales tax revenue in the Short-Term Capital Fund has come from the Improve Our Tulsa funding package which was approved by voters in November 2013 and is anticipated to provide funding for capital equipment until 2021 when the package expires. In FY22 funding will be provided by the 2020 Sales Tax Fund.

The Short-Term Capital Fund will begin the fiscal year with a fund balance available for appropriation. The accumulated ending balance, along with sales tax revenue collected throughout the year, will be used to fund the City's capital equipment needs.

OFFICE SERVICES

FY 2020 - 2021 & FY 2021 - 2022

OVERVIEW

The Office Services Internal Service Fund is used to manage the City's chargeback system for copier rental, printing services, wireless devices, record storage charges, personal computers and software. This fund was established to clearly identify these costs at the department level. Funding for these expenses is appropriated in the Office Services budget. Funding is increased or decreased based on departments' requests. The goal of the chargeback system is to better manage expenditures and reduce costs.

While this fund is supported primarily by the General Fund, approximately one-fourth of its services are charged to the Enterprise Funds. Some revenue is also received from other outside agencies that acquire forms and business cards from Office Services and utilize City mail and copying services.

BUDGET SUMMARY

Revenue received from chargebacks to the user departments is based on actual expenditures. The Finance Department Accounting Section makes monthly journal entries to record each department's expenses and book revenue. Given the function of the Office Services Internal Service Fund, a large fund balance should not materialize.

WORKERS COMPENSATION

OPERATING FUND

501

INTERNAL SERVICES FUND
BUDGETED ON A
ACCRUAL BASIS

OVERVIEW

The City of Tulsa is self-insured for Workers' Compensation. Contributions to this fund are transferred monthly from each City department with salary accounts. The transfer is based on historical claims experience that reflects the relationship between workers' compensation costs to salaries.

BUDGET SUMMARY

In 2013, the City launched our Safety Culture Transformation Project aimed at improving the safety culture and ultimately reducing our workers' compensation costs. Through this project we have implemented several new programs including safety committees, job hazard analysis procedures and a robust injury investigation process. The results are showing great success with the reduction of our OSHA recordable injuries

EMPLOYEE INSURANCE SERVICE

FY 2020 - 2021 & FY 2021 - 2022

OPERATING FUND
502
INTERNAL SERVICES FUND BUDGETED ON A ACCRUAL BASIS

OVERVIEW

This fund was established in FY17 as a means to account for the cost of insurance plans for City employees. The City offers its employees and various agencies insurance plans covering health, dental, life, and long-term disability. Providing only one health provider has allowed a firmer control of escalating health insurance costs while still providing complete insurance coverage.

In FY95, the Firefighters' Union opted out of the City's dental, health, and life plans and now procures separate coverage for its members. In FY08, the Police Officers' Union opted out of the City's dental, health, and life plans and now procures separate coverage for its members.

The City will continue to pay a major portion of insurance costs for its employees. Additional resources required to finance the insurance costs are obtained through the payroll process with charges to departments' budgets and deductions from employee paychecks. City agencies with employees participating in the programs make payments directly to the Employees' Insurance Service Fund.

BUDGET SUMMARY

In FY16, the City transitioned from a defined benefit plan to a defined contribution plan, as well as, transitioned from a fiscal year enrollment period to calendar year. With this change, employees are empowered to make choices as to the level of health and dental care coverage required for their life situation.

EQUIPMENT MANAGEMENT SERVICE

FY 2020 - 2021 & FY 2021 - 2022

OPERATING FUND
503
INTERNAL SERVICES FUND BUDGETED ON A ACCRUAL BASIS

OVERVIEW

The Equipment Management Service Fund is used to account for the centralized maintenance program for all City vehicles. Each year a rate structure is established for the specific services provided by the Equipment Management Division of the Asset Management Department. These services include vehicle repairs, regular preventive maintenance, body shop repairs, fuel for on-road and off-road vehicles, car wash, and a motor pool of vehicles available for City business. Rates are set to recover only funds needed to support operations. Monthly billing for services rendered are charged through the department's Equipment Management Information System.

While this fund is supported primarily by the General Fund, approximately forty percent of its services are charged to the Enterprise Funds. Some revenue is also received from other outside agencies that use the City's facilities for vehicle maintenance and fuel.

BUDGET SUMMARY

In FY21 and FY22, rates will increase to align with increases in personnel costs and outside equipment repair.

TPFA OTC BUILDING OPERATIONS

ENTERPRISE FUND
BUDGETED ON A
CASH BASIS

OVERVIEW

In September 2007, the Tulsa Public Facilities Authority (TPFA) purchased the 15 floor 630,000 square foot One Technology Center (OTC) from Leucedia National Corporation for \$53 million. The purchase was financed by lease payment revenue bonds. TPFA leased 251,000 square feet of the building to the City of Tulsa for the relocation of the City Hall staff and the staff housed in four other City owned facilities. The remaining 379,000 square feet of the building will be leased to private sector tenants. Currently, all but one and a half floors of the remaining space has been leased to private companies and the vacant space is being actively marketed.

The One Technology Center (OTC) Fund was established to account for the revenues and expenditures associated with the operation of the 630,000 square foot facility.

BUDGET SUMMARY

In FY21, revenue from parking fees, rental income, interest income, a transfer from the General Fund, and other miscellaneous sources will be used to finance the operation of the facility and debt service obligations.

STORMWATER ENTERPRISE

FY 2020 - 2021 & FY 2021 - 2022

OPERATING FUND

560

PROPRIETARY FUND
BUDGETED ON A
ACCRUAL BASIS

OVERVIEW

The Stormwater Management Enterprise Fund was established by Ordinance #17285 in January 1985. It is "for the purpose of identifying and controlling all revenues and expenses attributable to stormwater drainage services." The primary revenue source for the fund is the Stormwater Management Fee. A monthly service fee is charged for each equivalent service unit (ESU) of impervious surface assigned to a lot, tract or parcel of real estate as provided in City ordinance. An ESU is 2,650 square feet of impervious surface. Residential parcels are considered one ESU. The fee provides funds for "operating, constructing, equipping, maintaining, acquiring and owning within the City a stormwater drainage system and hazard mitigation program." In addition to financing the development and maintenance of facilities, the fee also provides funds for studying and mapping the city's drainage system in order to identify and assess flood-prone areas. The Stormwater Drainage and Hazard Mitigation Advisory Board (SDHMAB) was established to oversee stormwater policy, hear policy appeals and oversee the budget.

BUDGET SUMMARY

The fund has an informal policy of maintaining an operating reserve of 5 percent of revenues. For FY21, the reserve will be \$1,857,000. The FY21 estimated outlays are expected to exceed revenues for the fiscal year resulting in a use of fund balance. This use of fund balance will be for capital drainage improvements throughout the City. The Board has identified a need for additional capital improvement. The five-year plan proposes a five percent rate increase in FY21 and seven percent increase for FY22. This is a reduction from the planned nine percent in FY21. The payment in lieu of taxes to the General Fund is 6.175 percent.

The Stormwater Drainage & Hazard Mitigation Advisory Board has identified a need for a drainage system assessment and an evaluation of operating and capital improvement needs. The City has engaged an engineering firm to assist in the process called the stormwater utility enterprise initiative.

STORMWATER CAPITAL PROJECTS

FY 2020 - 2021 & FY 2021 - 2022

CAPITAL FUND
5600
PROPRIETARY FUND BUDGETED ON A CASH BASIS

OVERVIEW

This fund allows for the separate accounting of capital projects that are financed with revenue generated within the Stormwater Management Enterprise Fund (Fund 560). The fund receives a transfer from the Stormwater Management Enterprise Fund each fiscal year to provide financing for capital projects. The fund is a capital projects fund. Appropriations do not lapse at the end of each fiscal year as they do in operating funds. Interest revenue is credited to the Stormwater Management Enterprise Fund. Most of the time, transfers are fully appropriated, but a fund balance available for appropriation can be generated when projects are constructed for less than original estimates.

BUDGET SUMMARY

Appropriations in the FY21 and FY22 budget will be for flood control projects recommended by the Stormwater Drainage and Hazard Mitigation Advisory Board, neighborhood groups, staff, elected officials, and citizens.

GOLF COURSE

FY 2020 - 2021 & FY 2021 - 2022

OPERATING FUND

570

PROPRIETARY FUND
BUDGETED ON A
ACCRUAL BASIS

OVERVIEW

The Golf Course Operating Fund was created for the purpose of accounting for the operations of the City's golf courses located at Mohawk and Page Belcher Parks. To comply with the Governmental Accounting Standards Board's (GASB) Statement No. 34, the City began accounting for all golf operating revenues and expenditures in this separate fund, beginning July 1, 2000. Enterprise funds are used to report activity for which a fee is charged to users for goods or services.

BUDGET SUMMARY

On January 1, 2008, Billy Casper Golf began managing and staffing the four golf courses at Page Belcher and Mohawk Park.

The Golf Course Operating Fund will receive a transfer for operations from the General Fund in FY21 of \$75,000 and funds will be transferred from the Short-Term Capital Fund for equipment purchases. Absent an accumulated fund balance, FY21 outlays have been reduced to align with anticipated resources. Financial performance could improve or decline dependent upon the number of days with playable weather conditions at the golf courses throughout the year.

TMUA WATER OPERATING

FY 2020 - 2021 & FY 2021 - 2022

OPERATING FUND

740

PROPRIETARY FUND
BUDGETED ON A
ACCRUAL BASIS

OVERVIEW

The Tulsa Metropolitan Water Authority was established as a Trust on April 5, 1957 (Ordinance #8113) for the purpose of maintaining the City's water and wastewater systems. The name was changed August 23, 1989 to the Tulsa Metropolitan Utility Authority (TMUA). A lease agreement and operation and maintenance contract dated February 1, 1984 were entered into between the City and TMUA specifying the City would lease to TMUA the water and sewer system assets, and the City would operate and maintain them. Two operating funds were established to account for these activities - one for water services and one for sanitary sewer services. Within the Water Operating Fund, the City records all revenues and expenditures generated by the water supply system's operations. Over 90 percent of the revenue in the fund is derived from the sale of treated water.

BUDGET SUMMARY

In FY98, the TMUA Board decided to establish an operating reserve totaling 5 percent of projected revenues from annual water sales. TMUA established two other reserves in FY08, a rate stabilization reserve and a capital projects reserve. Those reserves will be funded over time as resources are available. The FY21 beginning fund balance of \$13,849,000 reflects the cash balance in the fund after reserving for encumbrances and the 5 percent operating reserve.

In a change to the FY 21 financial plan, no rate increase is projected for FY21. A rate increase is not projected until FY23. In FY21, the year-end balance after reserving for the 5 percent cash operating reserve is estimated to be positive. The payment in lieu of taxes to the General Fund is 6.925 percent.

TMUA WATER CAPITAL PROJECTS

FY 2020 - 2021 & FY 2021 - 2022

CAPITAL FUND

7400

PROPRIETARY FUND
BUDGETED ON A
ACCRUAL BASIS

OVERVIEW

This fund allows for the separate accounting of capital projects that are financed with revenue generated within the TMUA-Water Operating Fund (Fund 740). The fund receives a transfer from the TMUA-Water Operating Fund each fiscal year to provide financing for capital projects. The fund is a capital projects fund. Appropriations do not lapse at the end of each fiscal year as they do in operating funds. Interest revenue is credited to the TMUA-Water Operating Fund. Most of the time, transfers are fully appropriated, but a fund balance available for appropriation can be generated when projects are constructed for less than original estimates.

BUDGET SUMMARY

In FY21 and FY22, a transfer from the TMUA-Water Operating Fund will finance needed water system improvement projects. All of the projects are contained in the TMUA/City Council adopted Capital Improvements Plan. They are listed at the end of this fund summary.

TMUA SEWER OPERATING

FY 2020 - 2021 & FY 2021 - 2022

OPERATING FUND

750

PROPRIETARY FUND
BUDGETED ON A
ACCRUAL BASIS

OVERVIEW

The Tulsa Metropolitan Water Authority was established as a Trust on April 5, 1957 (Ordinance #8113) for the purpose of maintaining the City's water and wastewater systems. The name was changed August 23, 1989 to the Tulsa Metropolitan Utility Authority (TMUA). A lease agreement and operation and maintenance contract dated February 1, 1984 were entered into between the City and TMUA specifying the City would lease to TMUA the water and sewer system assets and the City would operate and maintain the assets. Operating funds were established to account for these activities - one for water services and one for sanitary sewer services. Within the Sanitary Sewer Operating Fund, the City records all revenues and expenditures generated by the sanitary sewer system's operations. The major portion of the revenues are generated by fees charged for disposing of wastewater.

BUDGET SUMMARY

In FY98, the TMUA Board decided to establish an operating reserve totaling 5 percent of projected annual sanitary sewer service charges. They established two other reserves in FY08, a rate stabilization reserve and a capital projects reserve. Those reserves will be funded over time as resources are available.

The rate increase for FY21 was changed from a planned eight percent to three percent. For the FY22 financial plan, the rate increase is seven percent. The increase is needed to support debt service and the Authority's goal of funding more capital projects from cash rather than debt. In FY21, the year-end fund balance after reserving for the 5 percent cash operating reserve is estimated to be positive. The payment in lieu of taxes to the General Fund is 6.175 percent.

TMUA SEWER CAPITAL PROJECTS

FY 2020 - 2021 & FY 2021 - 2022

CAPITAL FUND
7500
PROPRIETARY FUND BUDGETED ON A ACCRUAL BASIS

OVERVIEW

This fund allows for the separate accounting of capital projects that are financed with revenue generated within the TMUA-Sewer Operating Fund (Fund 750). The fund receives a transfer from the TMUA-Sewer Operating Fund each fiscal year to provide financing for capital projects. The fund is a capital projects fund. Appropriations do not lapse at the end of each fiscal year as they do in operating funds. Interest revenue is credited to the TMUA-Sewer Operating Fund. Most of the time, transfers are fully appropriated, but a fund balance available for appropriation can be generated when projects are constructed for less than original estimates.

BUDGET SUMMARY

In FY21 and FY22, a transfer from the TMUA-Sewer Operating Fund will finance needed sanitary sewer system improvement projects. All of the projects are contained in the TMUA/City Council adopted Capital Improvements Plan. They are listed at the end of this fund summary.

RMUA GENERAL OPERATING

FY 2020 - 2021 & FY 2021 - 2022

OPERATING FUND

950

FOR INFORMATION
ONLY

OVERVIEW

The Regional Metropolitan Utility Authority (RMUA) was established as a Trust by Ordinance #12644 on October 10, 1972. This fund was established in order to facilitate cooperative ventures between the City of Tulsa and surrounding legal entities acting through the Trust. The purposes of RMUA, as described in its trust indenture, are to provide water supply treatment, wastewater treatment, and pollution control facilities for governmental entities that have agreed to participate. Currently, the City of Tulsa operates a sewage treatment plant with the City of Broken Arrow. Operating costs are shared by the two cities, but the City of Tulsa actually operates the plant. Costs are allocated based on the flow rates into the plant from each city. RMUA's annual budget is subject to approval by the RMUA Trustees. It is being presented here for information and disclosure only. It is not subject to City Council approval under the Oklahoma Municipal Budget Act. Revenues come from Broken Arrow and Tulsa and are determined by the actual cost of operation.

BUDGET SUMMARY

In FY21, revenues are expected to exceed outlays by \$462,000, contributing to the estimated year-end fund balance of \$1,517,000.
