Re-interment Plan Proposal
January 28, 2021
Purpose of Discussion

+ Develop consensus on a plan for disinterment and re-interment that allows the next phase of work at Oaklawn Cemetery to proceed this summer.
**Constraints**

- A plan for re-interment is required prior to exhuming any remains;
- A **Notice of Disinterment** must be filed with Oklahoma State Department of Health if re-interment will be in the **same cemetery**;
- A **Disinterment Permit** must be applied for and granted by OSDH if re-interment will be in a **different cemetery**.
Authority

- 63 O.S. §1-319(C) requires the consent of next of kin to submit a Notice of Disinterment/Re-interment or a Request for Disinterment Permit.
- The remains at Oaklawn are currently unidentified, so we are unable to establish their legal representatives, descendants, or legal guardians.
Authority (cont.)

- If the decedent was a person the final disposition of whose body is the financial responsibility of the state or a political subdivision of the state, the public office or employee responsible for arranging the final disposition of remains of the decedent may grant consent. See 21 O.S. §1158(9).

- Accordingly, the City of Tulsa meets the statutory requirement to provide consent for a Notice of Disinterment/Re-interment or a Request for Disinterment Permit.
Instructions:
If you are disinterring and re-interring in the same cemetery, complete the Notice. The Notice must be completed and submitted to the State Registrar of Oklahoma within five (5) days of such action.
If you are disinterring and re-interring to a different cemetery or for the purpose of cremation, complete the request. Submit the completed Request to the State Registrar of Oklahoma prior to the disinterment.
