II. SCOPE OF SERVICES AND SPECIFICATIONS

1. Scope of Services

The City of Tulsa invites qualified firms to respond to this invitation for bid (IFB) by providing their qualification and experience for consideration to provide Disaster Debris Monitoring Services on an as-needed basis.

Overview

The Scope of Services shall include, but not be limited, to the following:

The City of Tulsa seeks qualified firm(s) to assist in the monitoring of disaster debris collection and disposal operations on behalf of the City, ensuring compliance with Federal requirements and Seller debris management plans as related to contractor oversight, truck measurements, load ticket preparation and issuing, report preparation, and project administration.

The Seller shall provide personnel to monitor a debris removal contractor that will be cutting, clearing, hauling, grinding, and disposing of vegetative waste city-wide. They will be responsible for clearing the streets, roads, alleys, and rights-of-way for the entire municipal boundary. They may also be reducing debris by chipping or grinding at three or four debris management sites (DMS)/disposal sites managed by the City. Each site will operate approximately 12 to 14 hours per day, 6 or 7 days per week.

The Seller's on-site Project Manager shall also assign a field supervisor who will be assigned to provide oversight of up to 10 loading site and site debris monitors.

The Seller shall provide all management, supervision, labor, transportation, and equipment necessary to initiate load tickets at debris loading sites, estimate the volume of debris (in cubic yards) being delivered by trucks to each DMS/disposal site, and support the operations of the field supervisor(s), debris loading and tower/site monitors, and clerical staff.

General

Provide debris monitors and debris monitoring services to assist the City with monitoring the operations of the disaster debris removal and disposal contractor(s). The debris monitoring services to be provided are contract compliance supervision and inspection, not professional engineering services. All debris monitoring activities are to be in compliance with current FEMA guidance and applicable SLTT and Federal regulations.

Definition of Vegetative Debris

Vegetative debris may consist of whole trees, tree stumps, tree branches, tree trunks, and other leafy material. Depending on the size of the debris, the collection of vegetative debris may require the use of flatbed trucks, dump trucks, and grapple loaders. For consideration:

- Hand-loaded trucks/trailers are graded at 50 percent of a load because of the low compaction achieved by hand-loading. 27
- This type of debris may be recyclable or have salvage value. Document separation and salvage operations when implemented.
- For special vegetative debris considerations, refer to Chapter 7:I.B. Hazardous Limbs, Trees, and Stumps of the Proposals & Award Policies & Procedures (Version 4) or PAPPG (V4).

Pre-Event Requirements

Seller will provide assistance in preparation for disasters through participation in meetings and workshops and the establishment of data management and other integrated systems.

Seller will, at no cost to the City:

- Provide City full-time personnel with a half-day debris management training session. Training program must, at a minimum, meet the training requirement for debris monitors as outlined by current FEMA debris management guidance.
- Provide a list of key personnel and subcontractors that may be involved in the disaster debris monitoring activities to include facsimile, cell phone numbers, and e-mail addresses.
- Participate in annual workshops or planning meetings with City representative and debris hauling and disposal contractor(s) to establish/review applicable policies and procedures.

Post-Event Requirements

Seller will assist with load inspections for storm debris cleanup being performed by one or more debris hauling and disposal contractors or City agencies.

Seller shall supply a sufficient number of trained debris monitors and trained field supervisors to accommodate the volume of debris to be removed at loading sites and debris management sites or final disposal sites.

Seller shall supply one field supervisor to oversee no more than 10 loading and tower/site debris monitors.

Seller shall remove and replace employees immediately upon notice from the City Debris Manager for conduct or actions not in keeping with this contract.

14. **No liens.** Pursuant to City's Charter (Art. XII, §5), no lien of any kind shall exist against any property of City. Seller shall deliver all Supplies to City free and clear of liens. Delivery by Seller to City of Supplies which are subject to liens shall be a material breach of the Agreement and all damages and costs incurred by City because of the existence of such liens shall be paid to City by Seller. At City's option, City may return such Supplies to Seller and Seller shall pay the cost of returning such Supplies and reimburse City for any payments made for such Supplies.

19. **Payment.** Invoices should be e-mailed to the City of Tulsa – Accounts Payable at: apinvoices@cityoftulsa.org. Payment will be made net 30 days after receipt of a properly submitted invoice or the City's Acceptance of the Supplies or Services, whichever is later.

Packing lists shall be enclosed in each and every box or package shipped pursuant to this Agreement, indicating the content therein.

20. **Price Changes.** The parties understand and agree that the variables in Seller's cost of performance may fluctuate, but any change in Seller's cost of performance will not alter its obligations under this Agreement, nor excuse performance or delay on Seller's part. Notwithstanding the foregoing, after the first year of the term, the Seller may request a price increase in addition to any other price increase set forth in this Agreement. In its sole discretion, the City may approve the request if it determines that such price increase is in the City's best interest.
21. **Right to Audit.** Seller agrees that Seller's books, records, documents, accounting procedures, practices, price lists or any other items related to the Supplies and/or Services provided hereunder are subject to inspection, examination, and copying by City or its designees. City requires Seller to retain all records related to this Agreement for the duration of the term of this Agreement and a period of three years following completion and/or termination of the Agreement. If an audit, litigation or other action involving such records begins before the end of the three-year period, Seller shall maintain the records three years after the date that all issues arising out of the action are resolved or until the end of the three-year retention period, whichever is later.

Nothing in this Agreement will be construed to create a partnership, joint venture, or agency relationship among the parties. No party will have any right, power or authority to act as a legal representative of another party, and no party will have any power to obligate or bind another party, or to make any representations, express or implied, on behalf of or in the name of the other in any manner or for any purpose whatsoever.

24. **Third Parties.** This Agreement is between City and Seller and creates no right unto or duties to any other person. No person is or will be deemed a third-party beneficiary of this Agreement.

For any exception to the delivery date specified in the Agreement, Seller shall give prior written notification and obtain written approval from the City. The Acceptance by the City of later performance with or without objection or reservation shall neither waive the City's right to claim damages for such breach nor constitute a waiver of the requirements for the timely performance of any obligation remaining to be performed by Seller.

The parties stipulate that venue is proper in a court of competent jurisdiction in Tulsa County, Oklahoma and each party waives any objection to such venue. City does not and will not agree to binding arbitration of any disputes.
30. **No Waiver.** A waiver of any breach of any provision of this Agreement shall not constitute or operate as a waiver of any other provision, nor shall any failure to enforce any provision hereof operate as a waiver of the enforcement of such provision or any other provision.
31. **Entire Agreement.** The entire agreement between City and Seller is contained in the Agreement. No verbal agreement between the parties is binding. Any scope of services, scope of work, quote, invoice, acknowledgment or other communication or other document issued by Seller in connection with this Agreement will be for the purposes of describing in greater detail the Supplies and/or Services (as applicable) to be provided. Seller's rejection or modification of the terms set forth in the City's IFB is void and of no effect, unless any such modification improves upon the City's terms or Specifications, in which case the improvement is accepted. Seller understands and acknowledges that if it adds terms and conditions to its Bid that are different from the terms set forth herein that City may reject the Bid as non-responsive.
32. **Amendment/No Assignment.** The Agreement may only be modified or amended in a writing signed by both parties. Notwithstanding anything to the contrary stated herein or in the attachments to this Agreement, no future agreements, revisions or modifications that may be required under this Agreement are effective or enforceable unless such terms, revisions or modifications have been reduced to writing and signed by City and Seller. Seller may not assign this Agreement or use subcontractors to provide the Supplies and/or Services without City's prior written consent. FEDERAL PROVISIONS

In the event of conflict between the following federal provisions and the terms of the Agreement, these federal provisions shall prevail.

A. Remedies

Any violation or breach of terms of this Contract on the part of the Seller or its subcontractors may result in the suspension or termination of this Agreement or such other action that may be necessary to enforce the rights of the parties of this agreement. The duties and obligations imposed by the Agreement and the rights and remedies available thereunder are in addition to, and not a limitation of, any duties, obligations, rights and remedies otherwise imposed or available by law.

B. Termination for Cause and for Convenience

1. The City may, by written notice, terminate this Agreement in whole or in part at any time, either for the City's convenience or because of failure to fulfill the Contract obligations. Upon receipt of such notice services must be immediately discontinued (unless the notice directs otherwise) and all materials as may have been accumulated in performing this Contract, whether completed or in progress, delivered to the City.
2. If the termination is for the convenience of the City, an equitable adjustment in the Contract price will be made, but no amount will be allowed for anticipated profit on unperformed services.
3. If the termination is due to failure to fulfill the Seller's obligations, the City may take over the work and prosecute the same to completion by contract or otherwise. In such case, the Seller shall be liable to the City for any additional cost occasioned to the City thereby.
4. If, after notice of termination for failure to fulfill Contract obligations, it is determined that the Seller had not so failed, the termination will be deemed to have been effected for the convenience of the City. In such event, adjustment in the Contract price will be made as provided in paragraph (b) of this clause.
5. The rights and remedies of the City provided in this clause are in addition to any other rights and remedies provided by law or under this Contract.

C Equal Employment Opportunity

During the performance of this Contract, the Seller agrees as follows:

1. The Seller will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Seller will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Seller agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

2. The Seller will, in all solicitations or advertisements for employees placed by or on behalf of the Seller, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

3. The Seller will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Seller's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

4. The Seller will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

5. The Seller will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

6. In the event of the Seller's noncompliance with the nondiscrimination clauses of this Contract or with any of the said rules, regulations, or orders, this Contract may be canceled, terminated, or suspended in whole or in part and the Seller may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

7. The Seller will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Seller will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, that in the event a Seller becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the Seller may request the United States to enter into such litigation to protect the interests of the United States.

D. Compliance with the Copeland “Anti-Kickback” Act

1. **Seller.**

The Contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this Contract.

2. **Subcontracts.**

The Seller or subcontractor shall insert in any subcontracts the clause above and such other clauses as the FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

3. **Breach.**

A breach of the contract clauses above may be grounds for termination of the Contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

E. Compliance with the Contract Work Hours and Safety Standards Act

1. **Overtime requirements.**

No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

2. **Violation; liability for unpaid wages; liquidated damages.**

In the event of any violation of the clause set forth in paragraph (1) of this section the Seller and any subcontractor responsible therefor shall be liable for the unpaid wages.
