

## APPLICATION FOR INFRASTRUCTURE DEVELOPMENT PROCESS FORMAL ACCEPTANCE (IDP)

---

The following instructions are to help you complete the required forms.

The attached Application for Infrastructure Development Process Formal Acceptance **must be completed and submitted along with a completed** Certification of No Liens affidavit. The information below provides additional information to correctly complete the forms. Each section is labeled & referenced by an alphanumeric character (*a, b, c, etc.*) to guide you to specific information you need:

- a) **IDP Name:** This the name of the Infrastructure Development Project. The name in this field must match the project name shown on the Developer's Contract for this project.
- b) **IDP Number:** This the number assigned to this Infrastructure Development Project. The IDP number in this field must match the IDP number shown on the Developer's Contract for this project.
- c) **IDP Location:** This the full legal address of the Infrastructure Development Project. The address in this field must match the project address shown on the Developer's Contract for this project. Format must be street address, city, state, & zip code.
- d) **Subdivision:** This field is related to proposed subdivisions only. Please the list the name of the proposed subdivision here.
- e) **Developer:** These fields relate to the Developer that applied for the Developer's Contract to begin the Infrastructure Development Process. The Developer's contact information in these fields must match the developer's contact information shown on the Developer's Contract for this project. The point of contact may be different if the original applicant is no longer representing the developer. Contact the City Clerk's Office ([CityClerk@cityoftulsa.org](mailto:CityClerk@cityoftulsa.org)) to request your vendor(account) number if it is not known.
  - a. **Plat Number & Date Recorded:** This information relates to final plats for new subdivisions. Include the number of the plat and when it was recorded.
- f) **Type of Work:** Select a box for each Major Construction Permit pulled by your contractor and enter the corresponding valuation (labor & materials expended to complete construction). Do not include the valuations of any work constructed under a Trades Permit like water and/or sewer tap permits. The bottom is field is designed to calculate the total value of improvements for you if the form is completed digitally. Otherwise total the value of all improvements.  
**Be advised application submittals missing any of the above documents or information will be rejected.**

# Infrastructure Development Process Formal Acceptance Checklist

- ☐ Pass final inspection
- ☐ Deliver Record Drawings/Mylars to Engineering Services
- ☐ All applicable fees have been paid
- ☐ Easements (if any) have been filed
- ☐ Formal acceptance application & Lien Statement attached

## Important Information:

- This checklist has been provided to aid you and your Engineer in providing the required documents and completing the necessary steps for closing your project.
- Your Engineer is your point of contact for everything related to the Infrastructure Development Process. They are required to guide you through the Infrastructure Development Process from the beginning through Formal Acceptance.
- The fees will be deducted from your projects escrow account after your passes final inspection and Project Record Drawings/Mylars are delivered to Engineering Services.
- Your project is ineligible for Formal Acceptance by the City of Tulsa until all criteria above are met. All documents will be checked for the following:
  - Consistency in IDP Number, IDP Name, Location, & Developer across all documents in this packet.
  - The acknowledgment must be completed by the Developer or their agent and not the Notary.
  - Please be on top of getting your easements (if applicable) filed with the City Clerks. Your project will **NOT** eligible for Formal Acceptance until they are filed.
  -
