CITY OF
Tulsa
A New Kind of Energy™

I. OVERVIEW AND GOALS:

With this Request for Proposal (“RFP”), the City of Tulsa (“City”) is seeking a commercial or non-profit organizations (“Respondent”) to utilize and/or develop the City’s Green Waste (Mulch Site). This is approximately 392 acres located north of Pine Avenue between 129th and 145th Avenues. The City is exploring the best use of this land for the citizens, City, and community. This land will continue to be used as a destination for spoils from City excavations and a green waste site for the community and material storage. The land is zoned Heavy Industrial.

Within this document are a number of considerations for land usage. The City asks that all Respondents carefully consider how all functions of the land can come together for the most beneficial use. While the City is trying to leave the options open, please help us understand your proposed use for the land along with any technical, financial, and environmental components of that proposal.

We enthusiastically look forward to receiving your proposal.

II. BACKGROUND:

The City acquired the land north of Pine Avenue between 129th and 145th Avenue for two primary purposes. First, the City frequently excavates sites for purposes such as road or utility repairs and needs a place to deposit the spoils. Second, the City, as part of its residential waste program, aims to minimize the volume of waste going to landfill. Creating an attractive site for green waste removal also helps reduce the volume of illegal dumping within the City.

The site has nearby utilities. Water and sewer are close but not onsite (they are within the adjacent right of way). Electric and telephone service are onsite for the City’s needs. The City has internet but utilizes a point-to-point broadcast so potential tenants would need their own internet solution.

This site serves as the primary green waste disposal site for the Tulsa metro area. Most professional tree services and many residents use this site for disposal as it is the lowest cost option in the area. The City has user data going back daily until July of 2012. We see weekly trends (more residential customers on Saturdays), monthly trends (busier in spring and summer), and event trends (storm related). With these variations acknowledged, we see a consistent 5% year over year growth of the site user base and just over **117,700 vehicles** in the most recent full fiscal year. During the same period, we ground over **498,000 cubic yards** of green waste. These annual numbers reflect historic trends and cannot guarantee future volumes. Despite numerical growth, unforeseen changes may alter usage.

III. TIMELINE:

The schedule below provides estimated dates for the RFP and contracting process. The City of Tulsa may adjust this schedule as needed.

EVENT	DATE
RFP Issue Date	9/11/2024

Negotiations with apparent successful Respondent begin (anticipated)	11/14/2024
Execute contract (anticipated)	11/20/2024
Begin service delivery (anticipated)	12/01/2024

As part of your submittal, please include your implementation timeline.

IV. SCOPE OF SERVICES:

1. The City is searching for an entity to **lease up to 250 acres** of the land at the existing mulch site while providing the best beneficial use to the City, citizens, and community. The City must be able to continue to offer the existing services of both a spoils depository for excavations, green waste reduction facility, and material storage. The City envisions a number of congruent uses including a variety of composting, firewood, lumber, and similar green facilities. That is not to say that the potential uses are limited to that scope. The City will evaluate the proposals using the information provided in your response to understand how the proposal is the most beneficial use. There may be more than one awarded proposal if the leases are compatible.
2. The City may ask for an early release penalty and/or surety in the form of performance bonds and/or remediation bonds.

3. The existing mulch stream must retain the following availability to the City or its citizens.
 - a. 10,000 cubic yards of ground or fine ground mulch for Citizen pickup
 - b. 60,000 cubic yards of ground mulch for City of Tulsa's Biosolids Facility

V. DELIVERABLES:

The products, reports, and plans to be delivered to the City as part of your proposal shall include:

- 1) Executive summary of proposal including intended use, desired land area including acreage, lease offer to include both any financial and service considerations.
- 2) Land Details. Describe in detail the acreage you intend to lease. Define any site work on the described acreage including earth moving, drainage changes, right of way access, utilities, and permanent structures.
- 3) Conceptual drawing of the development.
- 4) Technical Proposal. Describe the beneficial use of the site will and any technical considerations around that usage. This is the place to explain any details of the proposed operation that a layman may be unfamiliar with. The more you can help us understand what it is that you intend to do with the land, the better we are able to evaluate that proposal.
- 5) Environmental concerns. If the proposal requires permits from the Oklahoma Department of Environmental Quality (ODEQ) and/or State Historical Preservation Office (SHPO), please describe. Explain how familiar you are with the specific challenges your proposal will face if the proposal requires such permits. If you have spoken with individuals at those offices, please tell us whom.
 - a. Note that the entire site drains into what is ultimately Mingo Creek. The larger ponds on site drain to ground water. Any runoff concerns should reflect this.
- 6) Nuisance concerns. Please help us identify any traffic concerns including an approximate truck count, turning radius, truck weight, and parking. Highlight remediation strategies for dust, noise, smell, and sight as appropriate.

- 7) Lease offer. Please define financial and/or service considerations in the proposal in exchange for the use of the land. Considerations below market value will typically be rejected. The City spends money on the services offered at that site. If the proposed services overlap with the current offerings and you would like to take some or all of that work, we are open to those considerations in lieu of cash payments.
 - a. If your proposal influences the mulch, firewood, compost, or other current site usage, please clearly define what that impact is. Mulch availability of 10k Cubic Yards for citizens and 60k Cubic Yards for the biosolids facility must remain.
- 8) List of development partners and completed projects similar to this scale. This space demonstrates your success in similar operations elsewhere.
- 9) Business plan showing the financial feasibility of the intended project including funding method, sources, Dunn and Bradstreet, and 5-year proforma. Depending on the proposal and financial support, the City may ask for a performance and/or remediation bond.

Response shall be **no more than 30 pages**. Response material beyond 30 pages will not be considered in the evaluation. After reading your proposal, the evaluation team should have a clear understanding of your intentions for the site and that it is both the best beneficial use while being technically, environmentally, and financially sound. The City of Tulsa may elect to interview candidates to further understand their proposal and negotiate changes.

VI. PERFORMANCE METRICS AND CONTRACT MANAGEMENT:

Performance Metrics

The following performance metrics highlight key priorities that will be analyzed with the awarded Respondent collaboratively during the life of the contract. This is not an exhaustive list, but rather an indication of significant performance metrics of interests to the City. The City looks forward to working with awarded Respondents to define additional important performance metrics during contract negotiations. The final set of performance metrics and frequency of collection will be negotiated by the successful Respondent and the City prior to the finalization of an agreement between parties and may be adjusted over time as needed.

Performance Metric	Data Source	Data Collection Frequency	Data Collection Responsibility
1. Contract Milestones met	Provided timeline	Weekly Until Proposed Operation is Setup	Contract Administrator
2. Communication	Online meetings	Weekly	Contract Administrator
3. Contract required documentation	Respondent	As required per contract	Contract Administrator
4. Operational Review	Face to Face meetings	Quarterly	Contract Administrator

Contract Performance Monitoring

As part of the City’s commitment to becoming more outcomes-oriented, we seek to actively and regularly collaborate with awarded Respondent(s) to enhance contract management, improve results, and adjust service delivery based on learning what works. Reliable and relevant data is necessary to drive service improvements, ensure compliance, inform trends to be monitored, and evaluate results and performance. During the regular meetings to occur throughout the term of the contract, it is anticipated that the following topics will be discussed:

- Current status of performance metrics
- Topics of interest or concern to the Tenant
- Discussion and troubleshooting of challenges
- Review of activities on the horizon
- Review of budget and spending this year-to-date as it applies to the lease and impacts the city

VIII. EVALUATION OF PROPOSALS:

The approval of the selected Respondent will be subject to the final determination of the City and will be contingent on the successful completion of a contract between the City and the selected Respondent(s).

All Bids will be evaluated using the following **RECOMMENDED** criteria:

If a Respondent is deemed to not have a viable proposal through any of the consideration criteria, they may be deemed ineligible.

Category	Total Points	What Would a Top Score Look Like?
<i>Best Beneficial Use Financial and Service Considerations</i>	20	A proposal that offers the City, its citizens, and community a great fit with positive lease terms and/or services offered.(See Exhibit A)
<i>Financial Feasibility</i>	20	Financial sustainability allowing the tenant enough money to continue operations.
<i>Technical Feasibility</i>	20	Technical ability and utilization that is practical and possible.
<i>Environmental Feasibility</i>	20	Operations and activities aimed toward maintaining the natural beauty of the area with considerations for water and other possible contamination sources like heavy metals, etc.
<i>Bona Fides</i>	10	A strong history of success in the area of Green Waste with enough capital to implement the proposal.
<i>Plan Quality</i>	10	A legible and logical outline clearly assisting the evaluation team understand the proposal.

The City also reserves the right to evaluate based on the full list of eligible criteria listed in [Title 6, Chapter 4](https://library.municode.com/ok/tulsa/codes/code_of_ordinances) of the Tulsa Revised Ordinances (TRO): https://library.municode.com/ok/tulsa/codes/code_of_ordinances.

IX. MISCELLANEOUS

- A. The City expects to enter into a written Agreement (the “Agreement”) with the chosen Respondent that shall incorporate this RFP and your proposal. Further, Respondent(s) will be bound to comply with the provisions set forth in this RFP. In addition to any terms and conditions included in this RFP, the City may include in the Agreement other terms and conditions as deemed necessary. Your response to this RFP will be considered part of the Agreement if one is awarded to you.
- B. All data included in this RFP, as well as any attachments, are proprietary to the City.
- C. The City notifies all possible Respondents that no person shall be excluded from participation in, denied any benefits of, or otherwise discriminated against in connection with the award and performance of any contract on the basis of race, religious creed, color, national origin, ancestry, physical disability, sex, age, ethnicity, or on any other basis prohibited by law.
- D. All Respondents shall comply with all applicable laws regarding equal employment opportunity and nondiscrimination. They shall also comply with the Americans with Disabilities Act (ADA).
- E. The use of the City’s name in any way as a potential customer or contractual partner is strictly prohibited except as authorized in writing by the City.
- F. The City assumes no responsibility or liability for any costs you may incur in responding to this RFP, including attending meetings or contract negotiations.
- G. The City is bound to comply with Oklahoma's Open Records Act, and information submitted with your proposal, with few exceptions, is a matter of public record. For specifics on the Oklahoma Open Records Act, see the link here: <https://libraries.ok.gov/law-legislative-reference/library-laws/statutes-open-records/>.

The City shall not be under any obligation to return any materials submitted in response to this RFP request.

- H. The City shall not infringe upon any intellectual property right of any Respondent but reserves the right to use any concept or methods contained in the proposal. Any desired restrictions on the use of information contained in the proposal should be clearly stated. Responses containing your proprietary data shall be safeguarded with the same degree of protection as the City’s own proprietary data. All such proprietary data contained in your proposal must be clearly identified.
- I. The City also notifies all Respondents that the City has the right to modify the RFP and the requirements herein, to request modified proposals from Respondents, and to negotiate with the selected Respondent on price and other contract terms, as necessary to meet the City’s Objectives.

J. The City reserves the right to decline all submitted proposals if it determines that no proposal meets the City's expectations. If multiple proposals are compatible and worthwhile, there may be multiple awards. Compatibility will include considerations for both capacity, land area, and access. In the event of a proposal conflict, the higher scoring proposal would be given priority.

K. Acreage information (see Exhibit B).

The City's Green Waste (Mulch Site) is approximately 392 acres located north of Pine Avenue between 129th and 145th Avenues. The proposal may select which portions of the property are a good fit for their needs and suggest that lease to the city. There may be adjustments during the negotiation.

L. If awarded a lease, any tenant will still need to meet any permitting or insurance requirements and this evaluation does not relieve the need to meet all typical obligations.

APPENDIX A – City of Tulsa General Contract Terms

It is anticipated that the City of Tulsa will enter into an Agreement with the selected Respondent (“Seller”) for an initial term ending one (1) year from the date of its execution by the City’s Mayor, with four (4) one-year renewals available at the option of the City. Contracts entered into by the City of Tulsa generally include, but are not limited to, the following terms:

1. **Renewals.** Seller understands and acknowledges that any future contracts or renewals are neither automatic nor implied by this Agreement. The continuing purchase by City of the Services set forth in this Agreement is subject to City’s needs and to City’s annual appropriation of sufficient funds in City’s fiscal year (July 1st to June 30th) in which such Services are purchased. In the event City does not appropriate or budget sufficient funds to perform this Agreement, this Agreement shall be null and void without further action by City.
2. **No Indemnification or Arbitration by City.** Seller understands and acknowledges that City is a municipal corporation that is funded by its taxpayers to operate for the benefit of its citizens. Accordingly, and pursuant to Oklahoma law, City shall not indemnify nor hold Seller harmless for loss, damage, expense or liability arising from or related to this Agreement, including any attorneys’ fees and costs. In addition, Seller shall not limit its liability to City for actual loss or direct damages for any claim based on a breach of this Agreement and the documents incorporated herein. City reserves the right to pursue all legal and equitable remedies to which it may be entitled. City will not agree to binding arbitration of any disputes.
3. **Intellectual Property Indemnification by Seller.** Seller agrees to indemnify, defend, and save harmless City and its officers, employees and agents from all suits and actions of every nature brought against them due to the use of patented, trademarked or copyright-protected appliances, products, materials or processes provided by Seller hereunder. Seller shall pay all royalties and charges incident to such patents, trademarks or copyrights.
4. **General Liability and Indemnification.** Seller shall hold City harmless from any loss, damage or claims arising from or related to the performance of the Agreement herein. Seller must exercise all reasonable and customary precaution to prevent any harm or loss to all persons and property related to this Agreement. Seller agrees to indemnify and hold the City harmless from all claims, demands, causes of action or suits of whatever nature arising out of the services, labor, and material furnished by Seller or Seller’s subcontractors under the scope of this Agreement.
5. **Liens.** Pursuant to City’s Charter (Art. XII, §5), no lien of any kind shall exist against any property of City.
6. **No Confidentiality.** Seller understands and acknowledges that City is subject to the Oklahoma Open Records Act (51 O.S. §24A.1 *et seq.*) and therefore cannot assure the confidentiality of contract terms or other information provided by Seller pursuant to this Agreement that would be inconsistent with City’s compliance with its statutory requirements there under.
7. **Compliance with Laws.** Seller shall be responsible for complying with all applicable federal, state and local laws. Seller is responsible for any costs of such compliance. Seller shall take the necessary actions to ensure its operations in performance of this contract and employment practices are in compliance with the requirements of the Americans with Disabilities Act. Seller certifies that it and all of its subcontractors to be used in the performance of this agreement are in compliance with 25 O.S. Sec. 1313 and participate in the Status Verification System. The Status Verification System is defined in 25 O.S. Sec. 1313 and includes, but is not limited to, the free Employee Verification Program (E-Verify) available at www.dhs.gov/E-Verify.

8. **Right to Audit.** The parties agree that books, records, documents, accounting procedures, practices, price lists or any other items related to the Services provided hereunder are subject to inspection, examination, and copying by City or its designees. Seller shall retain all records related to this Agreement for the duration of the contract term and a period of three years following completion and/or termination of the contract. If an audit, litigation, or other action involving such records begins before the end of the three year period, the records shall be maintained for three years from the date that all issues arising out of the action are resolved or until the end of the three year retention period, whichever is later.
9. **Governing Law and Venue.** This Agreement is executed in and shall be governed by and construed in accordance with the laws of the State of Oklahoma without regard to its choice of law principles, which shall be the forum for any lawsuits arising under this Agreement or incident thereto. The parties stipulate that venue is proper in a court of competent jurisdiction in Tulsa County, Oklahoma and each party waives any objection to such venue.
10. **No Waiver.** A waiver of any breach of any provision of this Agreement shall not constitute or operate as a waiver of any other provision, nor shall any failure to enforce any provision hereof operate as a waiver of the enforcement of such provision or any other provision.
11. **Entire Agreement/No Assignment.** This Agreement and any documents incorporated herein constitute the entire agreement of the parties and supersede any and all prior agreements, oral or otherwise, relating to the subject matter of this Agreement. This Agreement may only be modified or amended in writing and signed by both parties. Notwithstanding anything to the contrary herein, the City does not agree to the terms of any future agreements, revisions or modifications that may be required under this Agreement unless such terms, revisions or modifications have been reduced to writing and signed by both parties. Seller may not assign this Agreement or use subcontractors to provide the Goods and/or Services without City's prior written consent. Seller shall not be entitled to any claim for extras of any kind or nature.
12. **Equal Employment Opportunity.** Seller shall comply with all applicable laws regarding equal employment opportunity and nondiscrimination.
