DISANNEXATION - Crystal City Park: The matter of disannexing Crystal City Park from the City of Tulsa was set for further hearing on January 3rd, 1935.

CLAIM: Mrs. Mary Brockman: Mrs. Mary Brockman appeared before the Mayor and Board of Commissioners and presented a claim for \$500.00 for water lines laid in Peoria Subdivision I, stating that she had had her claim reduced to judgment. There being no appropriation for this claim, same was held for further consideration.

In re: COMPLAINT: Regarding certain complaints heretofore made to the commission, Commissioner Hoop made the following statement:

"On or about December 19th, I was informed by Sergeant Henry B. Maddux of the Tulsa Police Force that he had been offered \$25,000 to discontinue his investigations along certain lines in a criminal case;

That he had declined and that the person making the offer had then said that he would be obliged to use other means to stop further inquiry.

I directed Maddux to submit this statement to me in writing which he did and I have filed it with my own affidavit made at that time in a safe deposit box in a Tulsa bank.

In case of "accident" these papers and others relating to the case will be sufficient for the police to place in custody the persons involved though the case is not yet complete.

A few days later letters and papers alleging misconduct on the part of Maddux of some years before in another part of the country were turned over to me by the Mayor. They are also safely in my possession.

It is evident that every effort will be made to discredit this officer with the authorities and to secure his removal from further participation in the work in which he is now engaged.

These facts are submitted to the Commission for their information so that they may be fully informed in case further efforts are made to prejudice them against Sergeant Maddux who has been assured by me that he will have full cooperation in carrying out his duties as criminal investigator and as a warning to others of our purpose.

Most of these facts have been known to Burgess of the "World" and Howell of the "Tribune" for the past two weeks. They have respected our confidence.

I might also add that this is the third unsuccessful attempt that has been made to bribe Police Officers within the past three months."

Upon motion duly made and carried, the meeting adjourned.

October 2nd, 1935.

Below is a copy of the minutes of a special meeting of the Mayor and Board of Commissioners held October 2nd, 1935 at nine o'clock a. m., as reported and submitted by Commissioner Logan:

SPECIAL MEETING Held at 9:00 A. M. Wednesday, October 2, 1935,  
at the call of Mayor T. A. Penney.

Present: Mayor T. A. Penney, Commissioners W. P. Graham and Earl E. Logan. Other officials present: City Attorney H. C. Bland, Deputy City Auditor R. J. Moore, and City Treasurer White.

The meeting was called for the purpose of considering a letter of recommendation from Finance Commissioner Logan with reference to the reduction of sinking fund tax levy by the use of an amount of \$4,724.04 cash surplus for the general fund 1931-32. The letter of recommendation was read, in which it was suggested that in view of the fact that a judgment was taken in a large amount based on warrants issued for the year 1931-32 and said judgment levied for in the sinking fund, that this amount of surplus for 1931-32, which was originally levied to pay the warrants in question, should be transferred to the sinking fund and the levy in that fund reduced by that amount. It was also recommended that in order to provide for such transfer that the operating budgets, general, park and library funds, be reduced in the aggregate sum of \$4,724.04.

After considerable discussion, during which City Attorney Bland advised the Commission that the contention set forth in the recommendation of the Finance Commissioner was correct, it was moved by Graham, seconded by Logan that the Finance Commissioner's letter of recommendation be received and filed and the recommendations contained therein approved.

Roll Call:  
Graham, yea; Logan, yea; Mayor, yea.

Moved by Graham, seconded by Logan, that the operating budgets be reduced \$4724.04, and that such reduction be made in various appropriations for projects by reducing the same approximately 8.5 per cent each, said projects as follows, to-wit: All items for street widening purposes; the item for construction of water lines in the project list; the item for sewers and manholes in said list; the item for incidental expenses in connection with the projects.

Roll Call:  
Graham, yea; Logan, yea; Mayor, yea.

Moved by Logan, seconded by Graham, that the said sum of \$4,724.04 shown in the financial statement for the general fund for the fiscal year 1931-32 as a cash surplus, be transferred to the sinking fund and deducted from the tax levy of that fund for the ensuing fiscal year; and that the Excise Board be requested to advise said surplus; and further that the City Auditor be instructed to furnish the Excise Board with a statement of the reductions in the budget previously ordered and also with a statement showing a computation of the tax levies after taking into account this correction.

Roll Call:  
Graham, yea; Logan, yea; Mayor, yea.
