COMPLETE BACK SIDE ↴

SUBMITTAL REQUIREMENTS:

1. A site plan showing all dimensions, property boundaries, the proposed location of the roadside attraction (including dimensions from property lines), and other existing structures.
2. Elevations and renderings that include overall height of proposed roadside attractions.
3. Narrative describing how the proposed roadside attraction conforms with all of the following approval criteria:
 - a. Reflects the historic significance of Route 66 in Tulsa by identifying elements that contribute to its legacy and character; and
 - b. Promotes tourism along Route 66; and
 - c. Implements recommendations adopted in Plan 66.

4. Will roadside attraction be illuminated at night? Yes No
5. If yes, how will you plan to mitigate the effects of the lighting on nearby residences/properties?
