I. OVERVIEW AND GOALS

With this Joint Request for Proposal (RFP), the City of Tulsa (“City”) and Tulsa Public Schools (“TPS”) are soliciting proposals to secure qualified developers or developer teams (“Developers”) for the development of housing-focused developments (“Developments”) at multiple locations (“Project Sites”) located in or near the City of Tulsa. The parties anticipate issuing multiple awards. The Project Sites are:

- A. Horsley Hill**, 815 S. Riverside Dr.: ±2.04 acres, vacant land (City-owned)
Type: Ground Lease
- B. Gilcrease Hills Village II**, Block 3: ±3.4 acres, vacant land (City-owned)
Type: Sale
- C. Greeley Elementary**, 105 E. 63rd St. N.: 9.59-acre site, approximately 45,472 sq. ft. building (TPS-owned)
Type: Sale
Minimum Bid: \$300,000.00
- D. Sandburg Elementary**, 18580 E. 3rd St: 9.69-acre site, approximately 41,000 sq. ft. building (TPS-owned)
Type: Sale
Minimum Bid: \$300,000.00
- E. Ford Lot**, 61st St. N. & N. Delaware Ave.: 10.0 acres (TPS-owned)
Type: Sale
Minimum Bid: \$160,000.00

Background

The City is facing a housing shortage and is pursuing several strategies to encourage the development of more housing, including developing housing on City and TPS-owned properties. The City and TPS wish to sell certain properties while retaining ownership of the other to negotiate long-term lease agreements with Developers who agree to construct and manage/operate Developments that include housing and other appropriate uses.

The City will consider the uses, architectural designs, construction materials, affordability, price (for some parcels), attention to the public realm, neighborhood engagement, and neighborhood compatibility when choosing prevailing respondents.

Following receipt of proposals, **Tulsa Public Schools** may conduct additional due diligence, negotiations, legal review, and Board consideration before any transaction is finalized.

Housing & Affordability

Housing will be required on all of the **City-owned** sites included in this RFP and is encouraged on the TPS-owned sites. Proposals are encouraged to include neighborhood-serving retail and/or amenities appropriate to each site, where zoning allows.

Of the housing proposed on the City-owned sites, at least **one quarter (1/4)** of all housing units shall be affordable for **2.34-person households** earning at or below one hundred twenty percent (**120%**) of the Area Median Income (**AMI**) and at least **one quarter (1/4)** of all housing units shall be affordable for **2.34-person households** earning at or below sixty percent (**60%**) of the Area Median Income (**AMI**).

These affordability levels equate to **sales prices** at or below \$285,228 (120% AMI) and \$142,614 (60% AMI) and monthly **rentals** at or below \$2,380 (120% AMI) and \$1,190 (60% AMI).

Two-Step RFP Process for City-owned sites: Initial Concepts First

In order to make this opportunity more accessible and give the City more potential development options, only concepts and basic sketches/renderings will be required initially. Proposals should include a narrative description of developments and Developer's experience in completing similar projects, along with a sketch or initial rendering. The narrative description should include, at a minimum, the type of development proposed (housing, retail, mixed-use, etc.), number of housing units proposed, number of and approximate size of building(s), and intended uses. If there are multiple proposals for any site, the City anticipates working with the top two (2) or three (3) proposals to then further develop and finalize plans before making an award.

RFP Process for TPS-owned sites:

TPS will conduct a more traditional, one-step process for TPS-owned sites. Any proposed sale remains subject to TPS Board approval and TPS reserves the right to accept or reject any proposal related to TPS-owned sites. Respondents should specifically describe their intended use/redevelopment concept for the TPS-owned sites.

II. PROPERTY DETAILS

A. Horsley Hill, 815 S. Riverside Dr.: ±2.04 acres (City-owned)

Tulsa County Parcel ID: [R29725921104880](#)

This property is located between downtown Tulsa and the Arkansas River, along Historic Route 66, with a hilltop and frontage onto Riverside Dr., Southwest Blvd., 12th St., and Lawton Ave. It is being offered as a long-term ground lease opportunity.

Prior to the construction of the Interstate Highway nearby in the 1970s, this hilly property was connected to a more regular street grid linking downtown to the river, and it contained several detached houses, duplexes, and accessory dwelling units, with small commercial uses at the corner of Southwest Blvd. and Riverside Dr.

Areas of the property furthest from existing residential are the most appropriate for any planned commercial development. A large piece of bicycle-themed public artwork will be located on the site, occupying up to approximately 1,000 square feet at the corner of Riverside Drive and Southwest Boulevard, as indicated on the aerial image at the top of the page. Any development will need to accommodate this structure, which will include electric connections. The structure will be owned and maintained by the City.

The steep terrain of this site lends itself toward stepped, narrow-lot construction of townhouses or small detached residential buildings rather than a few large-footprint buildings that would entail much more intense grading and earth work. Townhouses or similar small-footprint construction is encouraged and would complement abutting residential properties.

The site's base zoning is CH (Commercial High), which allows residential and commercial uses. It is also within the following overlays:

- River Design Overlay 3 (RDO-3), which limits certain commercial uses (see Section 20.050-B of the [Tulsa Zoning Code](#), or contact the Tulsa Planning Office for more information);
- Neighborhood Infill Overlay (NIO), which reduces regulations regarding middle-scale housing;
- Route 66 Overlay, which encourages the development of neon signs and roadside attractions, and makes the site eligible for the City's Neon Sign Grant Program.

The successful proposal will demonstrate the capacity to build and manage housing, integrated with both the river and adjoining neighborhood, working with the natural contours of the site.

The resulting Development will contribute a high level of quality to the public realm, be respectful to and complement the existing nearby residential buildings, incorporate an attractive public pathway to the Cyrus Avery Plaza via the existing Skywalk pedestrian bridge, from the neighborhood to the bridge, and provide wide, tree-lined sidewalks that provide ample room for circulation and viewing the Arkansas River.

Tulsa Tough, a competitive cycling event, draws approximately 10,000 people to this area each June, making it especially important to provide a well-designed public realm fronted by high-quality buildings.

Public incentives are available to complete the Project, including up to \$3,700,000 in public funds and a negotiated long-term land lease. In addition, the City recently invested approximately \$3M toward river-related amenities near this site.

B. Gilcrease Hills Village II: ±3.4 acres (City-owned)

Multiple Osage County Parcel IDs (Visit actdatascout.com/Map/Index?countyId=40113)

This wooded property at the corner of Pine St. and Gilcrease Museum Rd., near Gilcrease Museum, has already been platted into 70+ townhouse lots and is served by existing water and sewer lines, but was donated to the City of Tulsa before any residences were constructed.

It is also adjacent to existing townhomes. The condition of the water and sewer lines is unknown.

The majority of the property is zoned RM-1, which allows townhouses by right, while the northernmost section is zoned RS-3. The City is willing to initiate a reasonable rezoning process. Preservation of as many existing, healthy trees is strongly preferred to maintain the area's mature tree canopy.

This property is to be sold, as opposed to a long-term lease. Proposals should include the purchase price the developer is willing to pay, which will be considered along with the other factors indicated in Section I.

C. Greeley Elementary, 105 E. 63rd St. N.: 9.59-acre site, approximately 45,472 sq. ft. building (TPS-owned)

Type: Sale

Minimum Bid: \$300,000.00

Tulsa County Parcel ID: [R90202020205300](#)

This TPS property includes the former Greeley Elementary School and is adjacent to Vining Park and a residential neighborhood. The school building contains 45,472 sq. ft. The property is zoned AG, which allows single-family detached homes by right on larger lots, and the neighborhood adjacent to it is zoned RS-3, which allows single-family detached homes on smaller lots. The surrounding area is a mix of neighborhoods and undeveloped land, with easy access to downtown Tulsa.

Tulsa Public Schools would like to sell the property, which is currently being leased to a charter school.

D. Sandburg Elementary, 18580 E. 3rd St: 9.69-acre site, approximately 41,000 sq. ft. building (TPS)

Type: Sale

Minimum Bid: \$300,000.00

This TPS property includes the former Sandburg Elementary School and is surrounded on three sides by residential neighborhoods. The school building contains approximately 41,000 sq. ft. The site and the surrounding neighborhood are zoned RS-3, which allows single-family detached homes by right.

The site is within a quarter mile of Interstate 44, near the Hard Rock Hotel & Casino and a busy and growing commercial shopping area, featuring national brands such as a Walmart Supercenter, Olive Garden, Ross, Petco, Famous Footwear, and several restaurants and hotels.

E. Ford Lot, 61st St. N. & N. Delaware Ave.: 10.0 acres (TPS-owned)

Type: Sale

Minimum Bid: \$160,000.00

Tulsa County Parcel ID: [R90305030521040](#)

This is an unplatted, vacant, 10-acre property owned by TPS in unincorporated Tulsa County, near O'Brien Park and U.S. Highway 75. It is zoned RS-3, which allows single-family detached homes by right on larger lots.

The surrounding area includes a mix of rural, undeveloped land and large-lot subdivisions, and is just two miles from the Cherokee Industrial Park, a major regional employment center. Nearby U.S. Highway 75 provides easy access to downtown Tulsa and to suburban Owasso.

III. HOUSING NEED AND CODES

As reported in the [2023 Tulsa Citywide Housing Assessment](#), there is pent-up demand for 4,000+ housing units in Tulsa today, with an overall anticipated demand of 12,900 units by 2033. The City-owned sites available in this RFP are well-suited to housing development in line with the preferences of Tulsans, as outlined below. The TPS-owned properties are zoned to allow single-family, detached houses.

In a 2019 housing survey, 63% of Tulsa respondents indicated they would like to live in a townhouse, 50% in a duplex, triplex, or quadplex, and 52% in an apartment building with 10 or more units. In a 2020 survey, 63% supported expanding where duplexes are allowed, 48% for triplexes and quadplexes, 67% for townhouses, 60% for courtyard or garden apartments, 49% for walkup or mixed-use apartments, and 68% for ADUs/backyard cottages.

The City of Tulsa has already undertaken several steps to analyze and address specific issues related to housing, including conducting housing studies, adopting zoning code amendments, forming partnerships with housing- and homelessness-focused philanthropies, funding a low-barrier shelter/residential care center, increasing funding for housing development initiatives, and developing a pre-approved plans program (T-Town HOME Catalog.) The City has also developed partnerships with funders and builders focused on affordable housing development, and the Tulsa Planning Office continuously evaluates and proposes amendments to the zoning code to facilitate housing development.
