

DATE: October 18, 2018

TO: G.T. Bynum, Mayor
Jack Blair, Chief of Staff
BlightStat Invited Attendees

FROM: Penny Macias, Office of Performance Strategy and Innovation

SUBJECT: BlightStat

At the last meeting on August 11th, there were three working groups created to do additional work. The groups were defining “blight” for purposes of BlightStat, collecting blight data, and strategies to prevent and address existing blighted properties. The meeting on Friday, October 20th will be for those groups to report out and update the larger group on progress and proposals from their work. Presentations will be given by the working groups and discussed with the Mayor’s Office and community stakeholder leadership.
