

URBAN DATA PIONEERS

Mission

Improve the use of data throughout the City of Tulsa.

Vision

Urban Data Pioneers are the trailblazers within the City of Tulsa who lead the way in identifying best ways to utilize data, educating others, and delivering results based upon data.

Values

A Learning Culture: we sustain a spirit of adventure by participating in and supporting curiosity, creativity, and innovation.

- We offer venues for information sharing, analysis, education, and training that foster professional and institutional growth.
- We develop projects and opportunities to learn by using data to solve real world problems.
- We strive toward excellence and regularly reassess our capabilities and needs
- We encourage and respect enthusiasm and experimentation.
- We learn from our successes as well as our failures.

Respect: we demonstrate esteem for our co-workers and community

- We acknowledge the contributions all City of Tulsa employees, citizens, and community partners.
- We acknowledge potentially competing interests and work to find a solution that meets all needs.

Integrity: we are honest, responsible, and fair in all of our interactions.

- We clearly state our intentions and act accordingly.
- We understand our responsibility as data stewards and will not utilize data in a way to cause harm,
- We will never be careless with the data we have access to.
- We are forthright and truthful in our interactions with others.

Transparency: we conduct ourselves with openness and candor in all aspects of our work.

- We seek feedback from all directions to achieve open communication and foster collaboration.
- We are proactive in communicating outcomes.
