

YOU HAVE BEEN INVITED TO THE BERRYHILL LAND USE PLAN KICK-OFF MEETING!

The City of Tulsa, Tulsa County, and INCOG will be kicking-off the land use plan for Berryhill. The City of Tulsa Planning and Development Department and INCOG Staff will work with residents and other stakeholders in the Berryhill neighborhood to develop a Land Use Plan (LUP).

This event is open to the public, to initiate community engagement essential to the planning process. Staff will present the project scope, rules of engagement, and some early research information related to Berryhill. Light refreshments will be served.

WHAT IS A LAND USE PLAN?

Land Use Plans are long-range plans focused on specific areas to identify local land use issues and recommend solutions over a 10 to 20 year time frame. Land Use Plans are intended to provide tailored solutions for neighborhoods and are developed primarily through the input of property owners and area stakeholders. Land Use Plans are to be adopted as amendments to the Comprehensive Plan and implemented through zoning changes and other regulatory controls that allow for desired development patterns identified in the Comprehensive Plan.
