Mission & Vision

TulStat Mission: Create a forum for city leaders to discuss priority problems, a clear definition of success, innovative solutions, and a method to measure progress.

Vision - *What does success look like?* The OPSI staff creates a collaborative forum where participants leave with a better **understanding** of the priority problem, a way to **measure** success, **strategies** to solve the problem, and **action** steps before the next TulStat meeting.

Defining the Problem

What is the right-sized problem?

How do we raise the manpower of the Tulsa Police Department to the funded number?

University of Cincinnati Staffing Recommendations

Sworn Patrol Officers

■ April 2018 (86.06%) ■ Recommended (13.94%)

Recommended: 459

Sworn Non-Patrol Officers

■ April 2018 (78.36%) ■ Recommended (21.64%)

Recommended: 499

Measuring Success

How can we measure ultimate success?

Ultimate success is TPD having **459** sworn patrol officers and **499** sworn non-patrol officers as recommended in the University of Cincinnati study.

How can we measure incremental progress?

Increased recruitment success – full classes

Decreased attrition

Overall Recruiting Strategy

Strategy Element	Next Steps	Anticipated Completion	Expected Output/Outcome
Marketing	Website, banner builds, Video content creation	July 1, 2018	100 visitors per month
Testing Efficiencies	Written Test update, Online BIQ	June 15, 2018	Cut 1.5-2 months off of application time/ Increase out of town testing numbers
Expanded On site recruiting	Identify two local target universities and focus on expanded groups	August 31, 2018	Expand applications from targeted universities by 25%
Pre-Hires	Utilize any savings realized from an academy to pay pre-hires for next academy (e.g. Fall 2018 – any money saved can go to pre-hires for early 2019 academy)		Retain 100% of those candidates offered pre-hire positions until academy start
Empower All Officers to recruit	PRIDE Program expansion, One page recruiting cheat sheet	June 15, 2018	Increase number of applications – not sure of exact metric
