## **Community Design Workshop for Pearl District**

Pearl District residents and business owners are invited to participate in a community design workshop, hosted by the City of Tulsa and Tulsa Development Authority. This interactive workshop is an opportunity for participants to provide their vision and help guide the planning process for the neighborhood.

The workshop will be held on Tuesday, May 15<sup>th</sup>, 2018 from 6:00 to 7:45 pm at Central Center. Central Center is located at 1028 East 6<sup>th</sup> Street.

The purpose of this meeting is to launch the Sector Plan and Small Area Plan update for the Pearl District. The Sector Plan allows the City of Tulsa and various partners to utilize various policies, strategies, and funding sources to implement future development of land within the sector. The Small Area Plan update will revisit the 6<sup>th</sup> Street Infill Plan. Small area plans are intended to provide tailored solutions for neighborhoods and are developed primarily through the input of property owners and area stakeholders.

The Pearl District is located east of downtown, between US Highway 75 and Utica Avenue, and between Interstate 44 and 11<sup>th</sup> Street.
